INSURANCE OFFICES

Highly Important to Farmers.
The only Exclusive Farmers' Insurance Company in the West.

THE MADISON MUTUAL,
Located at Madison, Wisconsin.

THIS COMPANY CONTINUES TO TAKE RISKS upon Farm Property only, consisting of buildings of all kinds, (belonging to farmers,) household furniture, grain in barns, live stock, &c., from one to five years, at lower rates than most other responsible Companies.

All losses promptly paid at the office as soon as proof is made thereof.

We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other, consequently you will have no losses, only your own or the same class, and all will be on an equal ceiling.

Experience has shown that two-thirds if not three-fourths of all the fires that occur are upon stores, taverns, mills, shops and such like property. In this Company all such property is rejected positively by LETTING THEM ALONE.

Farmers, look to your own interest, and insure in a Farmers' Company.

We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last fourteen months we have not had a single dollar loss, though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance.

The best of references given as to the responsibility of the Company.

THIS Company offers unrivalled facilities for the insurance of Buildings and Personal Property against fire. Every person insured is a member of the Company, and entitled to one vote. The cost of insurance does not exceed one third as much as in Stock Companies, saying nothing of the increased security and the incomparable ease with which losses are settled. During the last five years, this Company have issued 2600 Policies, and made but three assessments at a cost to the property insured, not exceeding two mills on the dollar. DR. J. B. MARCHISI'S
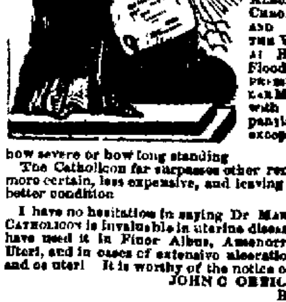
CELEBRATED CATHOLICON,
For the Relief and Cure of Suffering Females.



IT STANDS PREEMINENT for its curative powers in all the diseases for which it is recommended, usually called Female Complaints. Of these are Prolapsus Uteri, or Falling of the Womb; Fluor Albus, or Whites;—Chronic Inflammation, and Ulceration of the Womb, Incidental Hemorrhage, or Flooding, Painful, Suppressed and Irregular Menstruation, &c, with all their accompanying evils, (Cancer excepted,) no matter how severe or how long standing.

The Catholicon far surpasses other remedies, in being more certain, less expensive, and leaving the system in a better condition.

I have no hesitation in saying Dr Marchisi's Uterine Catholicon is invaluable in uterine diseases generally. I have used it in Fluor Albus, Amenorrhoea, Prolapsus Uteri, and in cases of extensive ulceration of the vagina and os uteri. It is worthy of the notice of the Faculty.

The Catholicon is doing good service here. All the patients that have tried the medicine have been benefitted but one—and that one nothing will help.
Truly Yours,
WM LAIRD HAZLETT, M D.,
July 6th, 1854 New Philadelphia Ohio

I must say, from my own experience and personal observations in my practice, it has proved to be the best and safest remedy for the difficulties for which it is recommended, viz: that of female weakness, such as Prolapsus Uteri, Fluor Albus, and all irregular and painful menstruation, and diseases of irritation of the female organs.
D Y FOOTH, M D.,
Syracuse, N. Y.

Those needing such a remedy should inquire into the merits of this medicine, and by calling at the store of the undersigned can obtain a pamphlet (free) containing ample proof from the most respectable sources, of the beneficial results of its use; together with letters from highly experienced Physicians, who have used it in their practice, and speak from their own observations.

INSURANCE OFFICES

Highly Important to Farmers.
The only Exclusive Farmers' Insurance Company in the West.
THE MADISON MUTUAL,
Located at Madison, Wisconsin.
THIS COMPANY CONTINUES TO TAKE RISKS upon Farm Property only, consisting of buildings of all kinds, (belonging to farmers,) household furniture, grain in barns, live stock, &c., from one to five years, at lower rates than most other responsible Companies.
All losses promptly paid at the office as soon as proof is made thereof.
We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other, consequently you will have no losses, only your own or the same class, and all will be on an equal footing.
Experience has shown that two-thirds if not three-fourths of all the fires that occur are upon stores, taverns, mills, shops and such like property. In this Company all such property is rejected positively by taking farm risks alone.
Farmers, look to your own interest, and insure in a Farmers' Company.
We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last fourteen months we have not had a single dollar loss, though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance.
The best of references given as to the responsibility of the Company.

THIS COMPANY was organized in the year 1819, under a perpetual Charter, and insures against loss or damage by fire, Dwelling Houses, Stores, Manufacturing Establishments, Household Furniture and Merchandise in general, on terms as favorable as a sound and healthy condition will warrant.

MILWAUKEE MUTUAL
FIRE INSURANCE COMPANY.
Office in Martin's Block, Milwaukee.
Capital over $165,000—in Cash and Premium Notes.
THIS Company offers unrivalled facilities for the insurance of Buildings and Personal Property against fire. The advantages offered, are security beyond the reach of contingencies, as the real estate insured is by law bound for the assessment made to cover losses beyond the power of evasion. Every person insured is a member of the Company, and entitled to one vote. The cost of insurance does not exceed one third as much as in Stock Companies, saying nothing of the increased security and the incomparable ease with which losses are settled. During the last five years, this Company have issued 2500 Policies, and made but three assessments at a cost to the property insured, not exceeding two mills on the dollar. Its business is principally confined to this State.

DR. J. B. MARCHISI'S
CELEBRATED CATHOLICON,
For the Relief and Cure of Suffering Females.
IT STANDS PREEMINENT for its curative powers in all the diseases for which it is recommended usually called
Female Complaints.
Of these are PROLAPSUS UTERI, or Falling of the Womb, FLUOR ALBUS, or Whites,—CHRONIC INFLAMMATION, AND ULCERATION OF THE WOMB, INCIDENTAL HEMORRHAGE, or Flooding, PAINFUL, SUPPRESSED AND IRREGULAR MENSTRUATION, &c, with all their accompanying evils, (Cancer excepted,) no matter how severe or how long standing.
The Catholicon far surpasses other remedies, in being more certain, less expensive, and leaving the system in a better condition.
I have no hesitation in saying Dr MARCHISI'S UTERINE CATHOLICON is invaluable in uterine diseases generally. I have used it in Fluor Albus, Amenorrhoea, Prolapsus Uteri, and in cases of extensive ulceration of the vagina and os uteri. It is worthy of the notice of the Faculty.
JOHN C ORRICK, M D,
Baltimore, Md.
The Catholicon is doing good service here. All the patients that have tried the medicine have been benefited but one—and that one nothing will help.
Truly Yours,
WM LAIRD HAZLETT, M D.,
July 6th, 1854 New Philadelphia Ohio
I must say, from my own experience and personal observations in my practice, it has proved to be the best and safest remedy for the difficulties for which it is recommended viz: that of female weakness, such as Prolapsus Uteri, Fluor Albus, and all irregular and painful menstruation, and diseases of irritation of the female organs.
D Y FOOTE, M D.,
Syracuse, N. Y.
Those needing such a remedy should inquire into the merits of this medicine, and by calling at the store of the undersigned can obtain a pamphlet (free) containing ample proof from the most respectable sources, of the beneficial results of its use; together with letters from highly experienced Physicians, who have used it in their practice, and speak from their own observations.

The Sentinel for the Session.

The Legislature meets at Madison on Wednesday, the 10th of January next. As heretofore one of the Editors of the *Sentinel* will be in attendance throughout the Session, and furnish daily reports of the proceedings of both Houses to our readers, with such other matters as are of interest. The telegraph line will probably be in operation again, and by this and the increased mail facilities, we hope to be more prompt in our reports than ever before. Abstracts of the Reports of the Departments of State, and of Committees &c. will be furnished as fast as they appear.

We will furnish the DAILY SENTINEL to subscribers for the Session at ONE DOLLAR for eight weeks, which we think will be the extent of the time occupied, and at that rate for any further time.

The TRI-WEEKLY SENTINEL will be sent at 50c. for eight weeks.

The WEEKLY SENTINEL will contain the whole of the reports and as the subscription price is but ONE DOLLAR per annum, this will furnish an additional inducement for persons to subscribe for it.

News of the Morning.

A variety of interesting intelligence will be found under the Telegraph head and elsewhere, in our paper this morning. The redoubtable Borough of Erie has again declared war against the travelling and business public and proceeds on Monday to tear up the Rail Road track. The town should be charged by a Brigade of Locomotives and drivers, neck and heels, into Lake Erie. We have items of news from the Legislatures of several States, now in session, and a scrap from Congress. The New York Market of yesterday shows a slight decline in Flour and Wheat and an advance in Corn. Our domestic news is more than usually interesting this morning.

WISCONSIN MARINE AND FIRE INSURANCE CO. BANK.—The semi-annual Report of this old and admirably managed Bank, will be found in this morning's paper. The figures speak for themselves. The Institution is certainly as strongly fortified, and in as sound condition as any Bank in the country.

THE WISCONSIN BANKS—THEIR SECURITIES AND CIRCULATION.—We copy this morning an interesting table from the Madison *Democrat*, setting forth the securities and circulation of those of our Wisconsin Banks, which have complied with the Comptroller's circular, and deposited additional stock or returned 10 per cent of their registered notes.

SOUTHERN WISCONSIN R. R.—We are gratified to learn that the citizens of Dubuque, on the 2d inst., voted by a very large majority in favor of loaning the credit of that thriving city to the amount of $150,000 in aid of the Southern Wisconsin Railroad. This is a step which our friends at Dubuque will not regret, and will materially strengthen the hands of the Company, and enabling them, with their other means to hasten forward rapidly with the work of construction.

ILLINOIS LEGISLATURE.—We have already stated that the candidates of the Republican and Whig caucus were all elected in the Illinois House of Representatives on the 2d instant.—The following was the vote for Speaker:

For T. J. Turner, Republican	40 votes
John P. Richmond (Neb)	24 votes

The other officers, all Whigs or Republicans were elected by votes ranging from 38 to 41 against 27 to 30 for the democratic candidates.—

In the Senate on the 3rd, Mr. Brown, editor of the Alton *Courier*, was elected Secretary; Mr. Ray, editor of the *Jeffersonian*, Enrolling Clerk; W. J. Heath, Sergeant-at-Arms. The two first-named, are strong Anti-Nebraska democrats. The Chicago *Democrat* says, that the Senate is Anti-Nebraska by *one* majority.

THE LIST OF GRAND JURORS.—The *Free Democrat* of Thursday comments, as follows, upon the refusal of the Clerk of the U. S. District Court to furnish us with a list of the Grand Jury for publication.

"The Clerk of the U. S. District Court, a son of Judge Miller—all in the family—yesterday refused to give the *Sentinel* the list of the Grand Jurors. Learning from their reporter, that he could not get it, we made no application. It is the first time we ever knew a Court, or the Clerk of a Court, refuse the press a list of the names of the Grand Jury. The Grand Jury itself is in the nature of an inquisition, and when Judge Miller's course abolishes it, so far as to make it his instrument to enforce his will—there is no protection to the citizen against the rankest injustice and tyranny. Just keep the names of the Grand Jurors a secret, so that they will not be held responsible to a healthy public sentiment, and they can then sit in the dark and take away the property and liberty of the people, at their will. Do not the people see that such a Court, with its staff quartered upon us, striving to fine and imprison our citizens, is but the tool of the Slave Power, of a power hostile to our rights and liberties and unknown to the Constitution?"

The *refusal* to furnish us with a list of the Grand Jury was so unusual and, as it seems to us, so indefensible, that we cannot account for it except upon the presumption that Judge MILLER himself forbade the publication. The reason given by the Clerk for the refusal was, that he would not show the *Sentinel* any favors." It was a right, not a "favor" that the *Sentinel* asked for at his hands; information to which we believed the press and the public fully entitled. The officers of the U. S. Court, it appears, think differently.

The New County Buildings—A Decided Step Taken.

We published the other day Ald. Powers' report on the subject of the necessity of new County buildings, to be provided immediately. The Board of Supervisors took prompt action upon the Report yesterday, by adopting, by a vote of 15 to 3 we believe, the following preamble and resolution:

Whereas, The Jail, Court House, and all the other public buildings connected therewith are too small and inconvenient to accommodate the wants and necessities of the people, and constantly need a large amount of expenditure for extra police force and repairs, therefore

Resolved, That this Board will proceed at once to the erection of new public buildings to be located upon such site as the Board shall hereafter determine.

So far as we can learn, the determination seems to be to erect the new buildings upon block 76 in the 4th ward on one side of the large public square which has recently been graded. Very liberal offers are said to be made to the city by the owners of property in that quarter. We do not think that the removal of these buildings from their present location will be likely to cause any depreciation of real estate in that quarter, but rather the contrary, especially if the lots fall into the hands of some of our public spirited citizens. It has been understood that the city has no claim upon the Court House Square and the lots upon which the buildings stand longer than the site is used as at present. Will some one furnish the public with information on this subject.

WINTER WHEAT looks well. The late mild weather has bared the fields, and the grain looks as bright and fresh—one of the *green* things that we love to look upon. The winter so far has been favorable to it.—[Jeffersonian.

12 E. Wakeley* A N	25. *J. Q. Adams*
13. Chas Dunn.	

Notes. * Held over from last year. Independent in small caps. The names in italics are Republicans, elected clearly as such, except Messrs Harvey and West, who are whigs, holding over from last year. Mr. Harvey we know to be a straight Republican now; and we do not doubt that Mr. West will truly represent the strong Republican sentiment of his county, (Green). Messrs Gill, Rolfe and Cobb were each elected over Nebraska democrats. Democrats in Roman.

The total then stands 10 Republicans, 2 Independent, and 13 Democrats. Of these last, Messrs Gill, McGarry, Wakely and Gibson are known to be decidedly Anti-Nebraska in sentiment, and this, we believe, is the case with several others of those chosen as Democrats.

POLITICAL ANNUALS.—The particular muses which inspired the Carriers of the *Democrat* and *Patriot*, the Barstow and Anti-Barstow democratic organs at Madison, seem to have put especial venom into the inkhorns of the boys.

"Diabolus" of the *Democrat*, after praising the State of Wisconsin for that—

> ——first among its men of hearts and talents
> Of noble souls and minds, are "Barstow and the balance"——

Proceeds at once to ask the shades of departed Presidential worthies, whether they ever dreamed that in their places—

> A weak "Militia President" should stand—
> A pigmy seek to swing a giant's brand,
> A Tom Thumb try to wear Goliah's breeches,
> Soldier who fights, and faints, and falls in ditches,
> Brave with his "arms," but braver with his legs,
> Pelted by drunken loafers with boiled eggs:

The Imp of the *Patriot*, it will be seen, does not admire "Barstow and the Balance," and affects to explain the reason of the want of affection between that interesting party and the "weak Militia President." He asks:

> Who to Washington went—"at the top of his
> bent,"
> To "give KOONAN a turn: O, dear!
> Didn't FRANK send him back with a patch on
> his back
> And a montrous big flea in his ear?
> Then Bill and the "Balance"—with perfect non-
> chalance
> Retreated, and cursed the whole Nation,
> FRANK PIERCE did abhor—swore sausage and war
> Against his Administration.

WAGON MANUFACTORY AT FOX LAKE.—Mr. Thomas of Huron Street in this city, has recently purchased several lots in Fox Lake, Dodge County, and will soon erect a Waggon Shop Mr Thomas is well known here as an excellent workman, and his wagons have always *given great* satisfaction.

From the Madison Democrat.

WISCONSIN BANKS.

By the kindness of Comptroller Dennis, we have been enabled to copy from his books the following statement of the condition of the Banks of this State.

On the 1st of December, the ensuing circular was issued to all the various Banks in this State:

BANK COMPTROLLER'S OFFICE,
MADISON, December 1st, 1854.

In consequence of the great and continued decline in the value of State Stocks in the New York market, and more particularly in the Stocks of the States of Missouri, Virginia, North Carolina, Tennessee and Louisiana I have thought proper to request of your Bank to forward to this office at any time during the present month Ten Per Centum of the whole amount of Circulating Notes which have been countersigned and issued to you by the Bank Comptroller, for the purpose of having the same cancelled; or, you can, at your option, deposit in lieu thereof a like amount of State Stocks, at their current market value, all of which will be passed to your credit on the Books of this Department.

The present unsettled state of the money market might well justify a far larger call, but not wishing to embarrass the business of the banks, or to withdraw from active employment a larger sum than is absolutely necessary, I have, upon consultation with several of the prominent Bankers of the State, concluded, at present, to make a call of but ten per cent.

Several of our Banks have already, unsolicited by this department, deposited in this office, ten per cent additional Stocks to farther secure their circulation, and others have intimated their readiness and willingness to do the same; and it is confidently expected that no institution, organized under our Banking Law, will decline to comply with this reasonable request, which will not only fully indemnify the public against all possibility of loss, from their circulating notes, but will greatly increase the confidence already reposed in the solidity of our Banks.

Very Respectfully yours.
WM. M. DENNIS,
Bank Comptroller.

Some of the Banks having the 7 and 8 ℔ cent stocks of our own State, and the stocks of other States, the value of which had not materially depreciated, the terms of the circular were varied accordingly.

The following Banks have on or before the 1st inst., complied with the terms of that circular and their accounts in the Bank Comptrollers Office stand as follows:

WISCONSIN FRUIT GROWERS ASSOCIATION.—This Society, whose collection of fruit attracted so much attention in this city in October, met at Janesville on the 25th, and some very superior fruit was exhibited. Interesting discussions as to the quality and adaptation of the different varieties were had, and the following list of officers for 1854 was chosen:

President.—H. J. Starin, of Walworth.
Vice President.—C. Hawley, of Milwaukee; D. Worthington, of Waukesha; F. Drake, of Racine.
Recording Secretary.—Mark Miller, of Rock.
Corresponding Secretary.—Charles Gifford, of Milwaukee.
Executive Committee.—J. C. Brayton, of Jefferson; A. L. Castleman, M. D.; and A. G. Hanford, of Waukesha.

FIRES AT STEVEN'S POINT.—The American House at Stevens' Point was destroyed by fire on Christmas Day, and the Wagon and Blacksmith shop of Wm. Griffin, and the barn of Dr, Philips, on the Thursday following. The *Pinery* calls for a first-class Fire Engine, and chronicles the formation of a Hook and Ladder Company.

BRICK MAKERS.—Persons who understand making bricks, will find a rare opening for steady employment, at Fox Lake, Dodge County. A brick yard is being opened there, and any person competent to take charge of such a business, would meet with immediate and permanent employment.

WESTERN SECURITIES—PAYMENT OF INTEREST.—Among other notices of the same kind in the New York papers of Saturday and Monday last we find the following:

Messrs. Atwood, Dunlevy & Co, will pay on the 9d, January the interest on the Milwaukee and Mississippi Railroad 8 and 10 ℔ cent. Bonds; Milwaukee City 10 ℔ cent. Bonds

The Coupons on the Bonds of the City of Milwaukee, guaranteed by the Green Bay, M. and Chicago Railroad Co. will be paid on the 2d January, by Moran Brothers, No. 1 Hanover-square.

The coupons of the La Crosse and M. Railroad Company, due on the 1st of January, will be paid at the Broadway Bank.

Referring to these and similar announcements, the New York *Tribune* says:

In view of the stringent condition of the money market which has prevailed both here and at the West for the last six months, the promptness with which the funds have been provided for the undermentioned payment is highly commendable

The same paper states the amount to be thus paid out at considerably over a *million* of dollars, and remarks that the remitting of this sum, without default, in the present state of the Money Market "is pregnant evidence that well selected Western Securities are as safe investments as any that can be found."

LAKE WRECKS OF 1854.—A gentleman who has taken some pains to inform himself on the subject writes the *Niagara Mail*, that the total amount of shipping wrecked from the Head of Lake Michigan to the foot of Lake Ontario, during the past season is nearly as follows, viz: of Steamers 7, large Propellers 12, Brigs 6, Barques and Schooners 48: out of the whole number he finds reported 42 total wrecks; embracing nearly all the Steamers and Propellers. referred to.

LA CROSSE AND MILWAUKEE R. R.—The annual report of this Road will make its appearance in a few days. The grading is steadily progressing between Hartford and Horicon, and the whole distance to Horicon, forty-four miles, will without doubt be finished by the first of next April. The stockholders are advancing funds efficiently.

MILWAUKEE AND FOND DU LAC.—The Western *Freeman* of Monday last says.

We have no official announcement that passengers can leave this city in the morning, and be in Milwaukee the same evening, by Railroad, by staging it across Dodge Co.—30 miles. But such is the fact. The Milwaukee & Watertown road has changed its time, and leaves Oconomowoc at 3 P. M. A Stage could leave the Chester station at 8 A. M., and be there in time easy enough. Hail to the day when even that distance shall be shortened—filled up!

MOWDER & OLMSTED'S EXPRESS.—We learn that Mr. J. Mowder of this city, and Mr. J. Olmsted of Milwaukee are about to establish a daily Express between the cities of Watertown and Milwaukee, to run in connection with Livingston, Fargo & Co.'s American Express. This will be a great convenience to the business men of this city and will supply a want that has long and generally been felt. The gentlemen who have the charge of this Express are universally known to be both responsible and accommodating citizens, and will spare no care to give no satisfaction to all who entrust business to them.—[Watertown Democrat.

A NEW BANK IN WATERTOWN.—Last Monday, Messrs. Nehrig & Frentz, visited this city for the purpose of making arrangements for starting a new moneyed institution here, to be known as the "Merchants' Bank." We learn that for the present, the bank will transact business in the rooms previously occupied by the "Bank of Watertown." Mr. Nehrig is now President of the "Dodge County Bank," located at Beaver Dam, and will remain at that village in charge of that institution, Mr. Frentz will come here and assume the management of the new bank soon to be put in operation. Both these gentlemen are known as shrewd and careful business men, and we have every reason to believe their course here will give general satisfaction.—[Watertown Democrat.

WISCONSIN CENTRAL RAILROAD.—The President of this road was through this place last week, and we understand he reports matters in a very favorable condition. Of the towns north of this, Aztalan takes about $15,000; Milford, from $15,000 to $18,000; and Lake Mills will probably take as much of the stock. There is every prospect of this work's being commenced soon all along the line between Elk Horn and Milford.—[Jeffersonian.

The Queen's Speech—Interesting Debates in Parliament—Progress of the Siege, &c.

The British Parliament was opened by the Queen in person on the 12th of December, when she delivered the following speech:

"MY LORDS AND GENTLEMEN: I have called you together at this unusual period of the year, in order that, by your assistance, I may take such measures as will enable me to prosecute the great war in which we are engaged with the utmost vigor and effect. This assistance I know will be readily given, for I cannot doubt that you share my conviction of the necessity of sparing no effort to augment my forces now engaged in the Crimea. The exertions they have made, and the victories they have obtained, are not exceeded in the brightest pages of our history, and have filled me with admiration and gratitude.

'The hearty and efficient co-operation of the brave troops of my ally, the Emperor of the French, and the glory acquired in common, cannot fail to cement still more closely the union which happily subsists between the two nations.

'It is with satisfaction I inform you that, together with the Emperor of the French, I have concluded a treaty of alliance with the Emperor of Austria, from which I anticipate important advantages to the common cause.

'I have also concluded a treaty with the United States of America, by which subjects of long and difficult discussion have been equitably adjusted.

'These treaties will be laid before you.

'Although the prosecution of the war will naturally engage your chief attention, I trust that other matters of great interest and importance to the general welfare will not be neglected.

'I rejoice to observe that the general prosperity of my subjects remains uninterrupted.—The state of the revenue affords me entire satisfaction; and I trust that by your wisdom and prudence you will continue to promote the progress of agriculture, commerce and manufactures.

'GENTLEMEN OF THE HOUSE OF COMMONS:—In the estimates which will be presented to you, I trust you will find ample provision has been made for the exigencies of the public service.

'MY LORDS AND GENTLEMEN:—I rely with confidence on your patriotism and public spirit. I feel assured that in the momentous contest in which we are engaged, you will exhibit to the world the example of a united people. Thus shall we obtain the respect of other nations, and may trust that, by the blessing of God, we shall bring the war to a successful termination."

The debates in Parliament on the addresses to the Queen were very spirited in both the Lords and Commons, and members made no scruple to charge Government with managing the war very badly. The Earl of Derby was particularly severe upon the Baltic operations. He said that Government sent out a fleet of such superior power that it would have been an act of madness on the part of the Russian fleet to come out and meet them in the open sea; and at the same time the vessels of the British fleet were of such a draft of water that it was impossible, looking at the depth of water in the Russian strongholds, that they and the enemy's ships could come in conflict.—The consequence of this was, that Sir CHARLES NAPIER was condemned to an ignominious inaction, only paralleled by the old duel, in which

> Lord Chatham, with his sword drawn
> Stood waiting for Sir Richard Strawen;
> Sir Richard, longing to be at 'em,
> Stood waiting for the Earl of Chatham.

In reply to a charge from Earl Derby that England had just agreed to support Austria in case of trouble in Poland, Hungary, or Italy, the Earl of Aberdeen said that no engagement of such a description had been entered into.

The Treaty with Austria was characterized by the opposition as amounting to nothing, and allowing that Empire to withdraw from the Alliance at the last moment without breach of faith.

A very interesting debate took place in the House of Lords upon the bill to enlist foreigners into the British service—such enlistment not to exceed, at present, 15,000 men. This foreign force is to be drilled and organized in England to form, in fact, a foreign legion, such as England employed in her American and continental wars.

Lord Derby said that it was a most humiliating confession to the world that England was obliged to employ foreigners to do duty at home, before she has been at war a single year. (By the *Asia*, we learn that this bill has passed.)

We resume the record of events about Sebastopol from the date at which previous advices left it:

NOVEMBER 19.—The special correspondent of the London *Times* says,

"There is really nothing to record of the siege. The French have established themselves inside an earth work near the Quarantine Fort. *Voila tout*"

NOVEMBER 20.—Nothing to report.

NOVEMBER 21.—A smart skirmish occured during the night, between three companies of the rifle brigade, (English) under Lieut. Tryon, who dislodged 300 Russians from a position they had taken up in a ravine Lieut. Tryon was killed. Later in the night there was a false alarm that the enemy was moving in force. There was some firing in the course of the night between the French and Russian pickets on the road to Balaklava.

NOVEMBER 22.—Several heavy brass guns (Turkish) were placed in position yesterday and to-day. Accounts do not indicate the exact locality of this battery.

NOVEMBER 23—Rain—rain—rain. One of the sunken vessels in the harbor of Sebastopol, having been dislodged by the storm, the Russians immediately sunk another in its place.

NOVEMBER 27.—The advices are from Katcha. They complain of the bad anchorage, and the danger to which the shipping is exposed by the frequent storms.

The Moniteur contains the following from Gen. Canrobert.

CAMP BEFORE SEBASTOPOL, Dec. 3.

"Rain is falling in torrents. Our roads are cut up, our trenches filled with water, and our seige operations, as well as all our works, remain in a state of suspense.

"The enemy remains immoveable for the same reason as ourselves.

"In spite of these trials the spirit of all is excellent, and we remain firm and ready to resume our operations as soon as ever the weather and the state of the roads will allow us to stir.

"General de Montebello arrived on the 5th at Constantinople, and left the next day for the Crimea: The health of Prince Napoleon was improving. (Signed) CANROBERT."

RUSSIAN ACCOUNT—Dec. 4.—Prince Menschikoff telegraphs to St. Petersburg that to the 4th December nothing new had occurred before Sebastopol, excepting some trifling Russian sorties without success.

An English letter says that, on the 23d, a party of British spiked 16 Russian guns. No details given. The besieger's third parallel is completed. A storm in the Sea of Azoff has wrecked 40 Russian vessels.

THE DANUBE.—A letter from Bucharest, under date 11th, mentions that Omer Pasha, that morning, left Bucharest for Varna, where the remainder of the nineteen Turkish battalions ordered to the Crimea were being embarked. 35,000 men are to be sent.

Of date the 8th, it is stated that the whole Turkish army has recrossed the Danube.

Sadik Pasha was occupying the Dobrodja and Kalaresch and Giurgevo had received Turkish garrisons.

GERMANY.—On December 9th, the Germanic Confederation unanimously adopted the additional article to the treaty concluded between Austria and Prussia on the 26th November Austria is thereby secured on the side of Germany.

A dispatch says that, to 13th instant, Prussia, showed no disposition to accede to the treaty of the 2d.

Bavaria suggests a conference of the secondary powers, with an eye to peace.

SPAIN.—The news is not important. The Ministerial crisis appears to have blown over.

ITALY.—*The Immaculate Conception—The question Settled.*—A dispatch has been received in Paris announcing the result of the deliberations of the Bishops assembled at Rome to consider the Immaculate Conception. The number of "votes" was 576, including proxies, and about 120 Bishops actually present. Of these 540 pronounced by acclamation for the new dogma, 32 voices questioned the appropriateness of such a discussion just now; while only 4 votes protested against the dogma and against the right of the Holy See to decide a question of that importance without a regular council. Of these 4 votes, 2, it is rumored, are contributed by French prelates—namely, M. Olivier, Bishop of Evereux, and the other the Archbishop of Paris himself.

INDIA.—An envoy from Kokan, and another from Dost Mahomed had arrived at Peshawar, the Affghan chiefs having decided on an English instead of a Russo-Persian alliance. Lord F. Fitzclarence, commander-in chief at Bombay, is dead.

ANOTHER ASPECT OF HARD TIMES.—Brown—not the Jersey ferryman, but Brown, the sexton of Grace Church—Brown the factotum at all the fashionable balls and funerals of this metropolis, who holds official relations with all the gravities as well as gaities of the upper ten—even Brown has felt the pressure of hard times. But he meets them, as all who know him would expect, like a philosopher. "Yes," said he the other night to a sympathising friend, "there are not many balls or parties this winter, but *I make the funerals as pleasant as possible*.—[N. Y. Eve. Post.

Police Court—Jan. 5th.

BEFORE CLINTON WALWORTH ESQ. POLICE JUSTICE.

A warrant was issued against Thomas Cook for assault and battery upon Penelope Cook on the 4th of January.

SEEKING A ROW.—John Bechtel, landlord of the Mansion House in the 2d Ward, was tried for an assault and battery upon Peter Borngasser on the 3d of January. The evidence showed that Mr. Bechtel was entirely without blame; that complainant had gone to the Mansion House to seek a row, and being ordered out, resisted being put out, and in the trouble got his head in "chancery," i. e. under the other's arm, and was hurt with the blows. The defendant was found not guilty and discharged.

A warrant was issued against Richard Armstrong for attempting to break the peace. He was drunk and taken to jail by officer Lienhart; case held open.

A warrant was issued against Henry Falkner, for an assault and battery upon John McCullom, formerly constable in the 5th Ward. The complainant had a terrible black eye. The defendant was in jail.

During the forenoon there were within and without the Police Court, at one time, no less than eleven men and one woman, with blacked eyes, and one man was *black all over*. We overheard a gentleman address one who had received a *contusion*, why he didn't make a complaint against the fellow; his reply was that "he'd rather give five dollars than have his name in the paper." The gentleman, who seemed anxious to get up a case, most likely hoped the five dollars would take a different course.

GALLANT RESCUE.—On New Year's day, a party of boys were skating on the river below Walker's Point Bridge. William Decker, a boy about 12 years of age, was on the lead, and going down the river at a great rate. The ice had floated away below the bend, leaving open water; but Decker did not see it, and suddenly went sheer off the edge of the ice into the river. His chance of life seemed frail enough, for the water was 15 feet deep; he could not swim, and the current was drifting him slowly from the edge of the ice. One of his companions, a boy named William Morse, about 15 years old, son of Mr. Morse of the 5th Ward, determined to try and save him. Pulling off his overcoat and one skate, he plunged into the ice-cold stream, swam to the sinking boy, sustained and brought him back to the ice, and succeeded in getting him upon it. Decker was chilled thro', and almost gone when Morse reached him, but being taken to Capt. WOODRUFF's house, hard by, and kindly cared for, soon revived and was all right again. The rescue was as gallant an act as we have read or recorded this many a day.

A NIGHT POLICE.—We observe throughout the city a strong desire for the establishment of a Night Police. The numbers of fires which have recently taken place, and the suspicion that they were mostly the work of incendiaries, seem to be the principle reasons urged in favor of the measure. A number of plans have been spoken of; some assert that four in a ward, with a captain of the whole force, making twenty-one in all, will be sufficient. Whether this agitation will or will not result in the appointment of the Police we are unable to say; but one thing is certain, that, if the force is established, no man should be permitted to become a member, unless he posses a good character for sobriety and honesty. For such a duty, steady and faithful men are required, and not mere partisans, or place-hunters. We understand that application will be made to the Mayor for a Night Police immediately.

"LATER YEARS;" by the author of "The Old House by the River," and "The Owl Creek Letters," HARPER & BROS. publishers, N. Y. We have this pleasant book from our friend ARCHIE WILSON, and welcome it heartily. Mr. Shelton, the kindly author, has given us a continuation in it of his series of letters from the "Old House by the River," from whence so many pleasant ones have come already, and from whence he dates those contained in this book. Those who have enjoyed, as we have, the first two books of this author, will welcome this one, as we do. There is a quiet vein of humor pervading his pages which is a pleasant relaxation from the daily cares of life. The Harpers have put forth the book in very neat style.

A GOOD FEE.—We understand that the County Board of Supervisors yesterday, allowed to Mr. Mallory, the present district attorney, his bill of *five hundred dollars*, for services as counsel for Connaughty and Mardonald, tried once and convicted of the murder of Gullen, sentenced to death, then respited. McDonald was sentenced for life to the State prison; Connaughty was tried, the second time; convicted of murder in the second degree, and sentenced to the state prison for ten years.

ARRESTED FOR BEING NOISY.—A man named Peiker commenced a violent harangue in the hall opposite the Police Court yesterday and in a few minutes obtained a large audience, to the interruption of all business. Officer Meloy proceeded to remove to him—when he showed fight, he was at last removed, wrestling with three officers all the way to the jail.

A MINIE BALL.—We were shown last evening and have in our possession one of these balls, cast by the English government, and brought over by an Englishman just arrived here. It seems that the use of the iron cone as described by us a few days since, has been abandoned, the conical indentation of the base of the ball being sufficient; the explosive force of the powder expanding the thinner portion of the ball so as to fit the barrel closely.

COMMON COUNCIL.—A special meeting of the Common Council was held on Thursday evening. A number of petitions for remission of taxes were rejected. The Comptroller was directed to insure the City School Houses. Ald. Humphrey of the Fifth Ward tendered his resignation, which was accepted. The report of the Select Committee (Ald. Hadley and Houghton) on the Harbor was taken up. The resolutions, reported by the Committee, were as follows:

Resolved, By the Mayor and Common Council of the city of Milwaukee, that we approve of the plan, and are in favor of the early completion of the Harbor at the "Straight Out," as also that of deepening the Milwaukee River to 12 feet depth of water, between the established dock lines, from the Government Piers to Cherry street Bridge, and that we will do all that we legally can do, to effect the completion of the same, at the earliest practicable moment.

Resolved, That we are satisfied that Abel Hawley has done quite as much work, during the past season, on his Harbor and River contracts, as could reasonably have been expected under the circumstances, and thus we have full confidence in his ability to complete the Harbor the coming season, and the dredging of the River at an early day.

The first resolution was adopted, and the second *laid on the table*.

Council then adjourned till Tuesday evening next.

Daniel O Dickinson vs Frederick Layton and John Plankington. Emmons & Van Dyke Pliffs Atty. Brown & Ogden Defts Atty. Jury sworn and empaneled and trial not concluded at 2 o'clock.

From various sources we learn that the federal officers have concluded to back out in the Ryecraft case, their indictment, as was ably argued by our correspondent some time since, in not charging that Glover, was a fugitive slave being detective; and as Mr. Ryecraft has been tried once, he must be discharged. So it is said The indictment against S. M. Booth must be dropped for the same reason, and accordingly a new one has been got up, with an additional charge—that of resisting U. S. officers—on what grounds we cannot imagine.

It is said that the other indictments found are against Byron Paine, C. K. Watkins, Jas. H. Paine, F. Raymond, and Herbert Reed, of this city, and that very earnest endeavors are being made to indict some persons from Racine. Very earnest indeed are these efforts, if we can judge from information given by Mr. Rowe, of Racine, who has been a witness before the Grand Jury, discharged and brought back again by Deputy Marshal Kearney, who aided in the original attack upon Glover. He informs the *Free Democrat* that Mr. Kearney "called him aside before starting from Racine, this morning, and told him that the Grand Jury were dissatisfied with his testimony before them, on Wednesday, because he did not remember any more of what took place in connection with the escape of Glover, and that after he left the Jury Room, a man was called in who identified him, (Rowe) as one who was present at the rescue. Kearney told him that he did not want to see him (Rowe) indicted; he only wanted to see Waterman, Dr. Secor, Pillsbury and Clement (all of Racine) indicted, damn'em; they deserve it; they led the rest into it, and that if he (Rowe) would now go before the Grand Jury and tell all he knew (about the rescue) he (Rowe) would not be indicted. He said he (Kearney) wasn't "*much*" in the Court, but he had *some* influence, and the witnesses he had summoned, he had summoned to prevent their being indicted."

This is quite an interesting chapter in the history of the Fugitive Case, and there are doubtless more to come.

The necessity of proving Glover to have been a fugitive slave, is one which will have to be met with very strong evidence, and we are inclined to think that jurors hereafter, will insist upon their right to judge both of law and evidence.

ENGINE COMPANY No. 1.—The Annual Election for Officers of Milwaukee Engine Co: No: 1 was held at their house, last evening and resulted in the choice of the following gentlemen:

Foreman—P. VAN VECHTEN, JR.
1st Asst.—ARTHUR DADD.
2nd do.—J. H. BUTLER.
Secretary & Treas.—H. OANDEE.
Steward—W. PLUMMER.
Trustee of Fire Dept.—RUFUS KING

The Company passed a vote of thanks for WILLIAM ALLEN Esq., late 1st Asst Foreman and who declined a re-election, for his faithful and efficient services, both as an Officer and Member, during the past seven years.

The Company also resolved that their Annual Party should be given about the 18th or 20 inst., and that the proceeds should be applied to furnish No 1's house with a first rate Fire Alarm Bell.

SUPREME COURT.—The time of the Court since its meeting has been occupied with the argument of a petition for re-hearing of the Portage City land case. The decision was rendered last March confirming the title to VEEDER. The motion for a new trial was made, and as it is the first motion of the kind, involving the jurisdiction of the Supreme Court to grant new trials of cases already decided, it has an unusual importance. The property in dispute is part of site of Portage City, the contestant being Mr. VEEDER, who claims to be the original pre-emptor, and the citizens who claim under Judge GUPPY, by whom it is alledged to have been entered for a village plat according to law. The amount in dispute is valued at from $300,000 to $500,000.—[Madison Dem.

THE MARKETS.

OFFICE DAILY SENTINEL,
MILWAUKEE, January 6, 1855

RECEIVED BY M. & M. RAILROAD, JAN. 4TH:—82 bbls flour, 3,550 bus wheat, 209 bus oats, 262 hogs, 24 bbls fruit, 5 bbls highwines, 125 doz brooms.

RECEIVED BY M. & W. RAILROAD:—23 bbls flour, 426 bus wheat, 36 hogs, 12 bxs saleratus.

The bad weather prevented much out door work yesterday. Receipts of wheat improved—1,23a1,25 paid for Club Spring.

No change in other grains.

Pork—3,25a3,62½. We note a sale of 500 bbls mess Pork at $10 per bbl.

☞ The Buffalo *Commercial*, reducing the flour to wheat, gives the following as the amount of that staple received at that port for three years past:

	Bushels.
1852	12,047,343
1853	10,343,228
1854	7,297,451
Total receipts of grain during the season of 1852 reached	20,390,504
1853	15,997,926
1854	22,605,500

The *Commercial* further remarks:

We are told by those conversant with the lake regions, that the wheat crop of the present year had scarcely been broken into, at the close of navigation, and we have no doubt it is in a measure true. This, and the fact that the crop of Wisconsin is larger than ever before; that we may have a bountiful harvest another season, although this has not been propitious; that the Sault Ste Marie ship canal is completed in fact, thus throwing open to us in 1855 the copper trade of Lake Superior; and more than all that we are to have next year, sent forward nearly the whole of the surplus produce of 2,300,000 acres along the line of the Illinois Central Railroad, which this season has for the first time taken the sickle, would seem to indicate that the trade of our port, so far from diminishing, will be increased beyond all present ordinary estimate.

Hog Market.

A drove of 600 heavy hogs were shipped East yesterday by the Michigan Central. They were from the Galena Road. There is no change in the market here, but the weather is unfavorable for shipping dressed hogs East, and prices are not so firm for these. There are but few packers buying yet for slaughtering—others will commence next week; $3,75 nett for heavy, and 3 50 for light hogs ℔ 100 is the highest in the market yet. Some holders are slaughtering on their own account rather than take these prices.—*Chicago Tribune, Jan 4.*

NEW THEORY.

DR. A. L. ADAMS believes the proximate cause of all diseases (or as he will have it, all forms of disease,) to be a retention in the system of worn-out fluids, &c., which of course should have been expelled. But being retained, *excite irritation*, or *debilitate the system*, causing various effects. The Dr. says, with much assurance, that his LIVER BALSAM will expel properly and certainly from the system all impurities. Therefore he declares it will cure all curable complaints if taken *judiciously*. "We will try it."

The Sentinel for the Session.

The Legislature meets at Madison on Wednesday, the 10th of January next. As heretofore one of the Editors of the *Sentinel* will be in attendance throughout the Session, and furnish daily reports of the proceedings of both Houses for our readers, with such other matters as are of interest. The telegraph line will probably be in operation again, and by this and the increased mail facilities, we hope to be more prompt in our reports than ever before. Abstracts of the Reports of the Departments of State, and of Committees, &c. will be furnished as fast as they appear.

We will furnish the DAILY SENTINEL to subscribers for the Session at ONE DOLLAR for eight weeks (which we think will be the extent of the time occupied,) and at that rate for any further time.

The TRI-WEEKLY SENTINEL will be sent at 50c. for eight weeks.

The WEEKLY SENTINEL will contain the whole of the reports and as the subscription price is but ONE DOLLAR per annum, this will furnish an additional inducement for persons to subscribe for it.

News of the Morning.

A variety of interesting intelligence will be found under the Telegraph head and elsewhere, in our paper this morning. The redoubtable Borough of Erie has again declared war against the travelling and business public and proceeds on Monday to tear up the Rail Road track. The town should be charged by a Brigade of Locomotives and driven, neck and heels, into Lake Erie. We have items of news from the Legislatures of several States, now in session, and a scrap from Congress. The New York Market of yesterday shows a slight decline in Flour and Wheat and an advance in Corn. Our domestic news is more than usually interesting this morning.

WISCONSIN MARINE AND FIRE INSURANCE CO. BANK.—The semi-annual Report of this old and admirably managed Bank, will be found in this morning's paper. The figures speak for themselves. The Institution is certainly as strongly fortified, and in as sound condition as any Bank in the country.

OUR WISCONSIN BANKS—THEIR SECURITIES AND CIRCULATION.—We copy this morning an interesting table from the Madison *Democrat*, setting forth the securities and circulation of those of our Wisconsin Banks, which have complied with the Comptroller's circular, and deposited additional stock or returned 10 per cent of their registered notes.

SOUTHERN WISCONSIN R. R.—We are gratified to learn that the citizens of Dubuque, on the 2d inst., voted by a very large majority in favor of loaning the credit of that thriving city to the amount of $150,000 in aid of the Southern Wisconsin Railroad. This is a step which our friends at Dubuque will not regret, and will materially strengthen the hands of the Company, and enabling them, with their other means to hasten forward rapidly with the work of construction.

ILLINOIS LEGISLATURE.—We have already stated that the candidates of the Republican and Whig caucus were all elected in the Illinois House of Representatives on the 2d instant.—The following was the vote for Speaker:

For T. J. Turner, Republican	40 votes
John P. Richmond (Neb.)	24 votes

The other officers, all Whigs or Republicans were elected by votes ranging from 38 to 41, against 27 to 30 for the democratic candidates.—

In the Senate on the 3rd, Mr. Brown, editor of the Alton *Courier*, was elected Secretary; Dr. Ray, editor of the *Jeffersonian*, Enrolling Clerk; W. J. Heath, Sergeant-at-Arms. The two first-named, are strong Anti-Nebraska democrats. The Chicago *Democrat* says, that the Senate is Anti-Nebraska by *one* majority.

THE LIST OF GRAND JURORS.—The *Free Democrat* of Thursday comments, as follows, upon the refusal of the Clerk of the U. S. District Court to furnish us with a list of the Grand Jury for publication.

"The Clerk of the U. S. District Court, a son of Judge Miller—all in the family—yesterday refused to give the *Sentinel* the list of the Grand Jurors. Learning from their reporter, that he could not get it, we made no application. It is the first time we ever knew a Court, or the Clerk of a Court, refuse the press a list of the names of the Grand Jury. The Grand Jury itself is in the nature of an inquisition, and when Judge Miller's course [illegible] it, so far as to make it his instrument to enforce his will—there is no protection to the citizen against the rankest injustice and tyranny. Just keep the names of the Grand Jurors a secret, so that they will not be held responsible to a healthy public sentiment, and they can then strike in the dark and take away the property and liberty of the people, at their will. Do not the people see that such a Court, with itself quartered upon us, striving to fine and imprison our citizens, is but the tool of the Slave Power, of a power hostile to our rights and liberties and unknown to the Constitution?

The refusal to furnish us with a list of the Grand Jury was so unusual and, as it seems to us, so indefensible, that we cannot account for it except upon the presumption that Judge MILLER himself forbade the publication. The reason given by the Clerk for the refusal was, that he would not show the *Sentinel* any favors." It was a right, not a "favor" that the *Sentinel* asked for at his hands; information to which we believed the press and the public fully entitled. The officers of the U. S. Court, it appears, think differently.

The New County Buildings--A Decided Step Taken.

We published the other day Ald. Powers' report on the subject of the necessity of new County buildings, to be provided immediately. The Board of Supervisors took prompt action upon the Report yesterday, by adopting, by a vote of 9 to 3 we believe, the following preamble and resolution:

Whereas, The Jail, Court House, and all the other public buildings connected therewith are too small and inconvenient to accommodate the wants and necessities of the people, and constantly need a large amount of expenditure for extra Police force and repairs, therefore

Resolved, That this Board will proceed at once to the erection of new public buildings to be located upon such site as the Board shall hereafter determine.

So far as we can learn, the determination seems to be to erect the new buildings upon block 76 in the 4th ward on one side of the large public square which has recently been graded. Very liberal offers are said to be made to the city by the owners of property in that quarter. We do not think that the removal of these buildings from their present location will be likely to cause any depreciation of real estate in that quarter, but rather the contrary, especially if the lots fall into the hands of some of our public spirited citizens. It has been understood that the city has no claim upon the Court House Square and the lots upon which the buildings stand longer than the site is used as at present. Will some one furnish the public with information on this subject.

WINTER WHEAT looks well. The late mild weather has bared the fields, and the grain looks as bright and fresh—one of the *green* things that we love to look upon. The winter so far has been favorable to it.—[Jeffersonian.

Notes. * Held over from last year. Independent in small caps. The names in italics are Republicans, elected clearly as such, except Messrs Harvey and West, who are whigs, holding over from last year. Mr. Harvey we know to be a straight Republican now: and we do not doubt that Mr. West will truly represent the strong Republican sentiment of his county, (Green). Messrs Gill, Rolfe and Cobb were each elected over Nebraska democrats. Democrats in Roman.

The total then stands 10 Republicans, 2 Independent, and 13 Democrats. Of these last, Messrs Gill, McGarry, Wakely and Gibson are known to be decidedly Anti-Nebraska in sentiment, and this, we believe, is the case with several others of those chosen as Democrats.

POLITICAL ANNUALS.—The particular muses which inspired the Carriers of the *Democrat* and *Patriot*, the Barstow and Anti-Barstow democratic organs at Madison, seem to have put especial vemon into the inkhorns of the boys.

"Diabolus" of the *Democrat*, after praising the State of Wisconsin for that—

—first among its men of hearts and talents
Of noble souls and minds, are "Barstow and the balance"——

Proceeds at once to ask the shades of departed Presidential worthies, whether they ever dreamed that in their places—

A weak "Militia President" should stand—
A pigmy seek to swing a giant's brand,
A Tom Thumb try to wear Goliah's breeches,
Soldier who fights, and faints, and falls in ditches,
Brave with his "arms," but braver with his legs,
Pelted by drunken loafers with boiled eggs:

The Imp of the *Patriot*, it will be seen, does not admire "Barstow and the Balance," and affects to explain the reason of the want of affection between that interesting party and the "weak Militia President." He asks:

Who to Washington went—"at the top of his bent,"
To "give NOONAN a turn: O, dear!
Didn't FRANK send him back with a patch on his back
And a monstrous big flea in his ear?
Then Bill and the "Balance"—with perfect nonchalance
Retreated, and cursed the whole Nation,
FRANK PIERCE did abhor—swore sausage and war
Against his Administration.

WAGON MANUFACTORY AT FOX LAKE.—Mr. Thomas of Huron Street in this city, has recently purchased several lots in Fox Lake, Dodge County, and will soon erect a Waggon Shop. Mr Thomas is well known here as an excellent workman, and his wagons have always *given great* satisfaction.

From the Madison Democrat.

WISCONSIN BANKS.

By the kindness of Comptroller Dennis, we have been enabled to copy from his books the following statement of the condition of the Banks of this State.

On the 1st of December, the ensuing circular was issued to all the various Banks in this State:

BANK COMPTROLLER'S OFFICE,
MADISON, December 1st, 1854.

In consequence of the great and continued decline in the value of State Stocks in the New York market, and more particularly in the Stocks of the States of Missouri, Virginia, North Carolina, Tennessee and Louisiana I have thought proper to request of your Bank to forward to this office at any time during the present month Ten Per Centum of the whole amount of Circulating Notes which have been countersigned and issued to you by the Bank Comptroller, for the purpose of having the same cancelled; or, you can, at your option, deposit in lieu thereof a like amount of State Stocks, at their current market value, all of which will be passed to your credit on the Books of this Department.

The present unsettled state of the money market might well justify a far larger call, but not wishing to embarrass the business of the banks, or to withdraw from active employment a larger sum than is absolutely necessary, I have, upon consultation with several of the prominent Bankers of the State, concluded, at present, to make a call of but ten per cent.

Several of our Banks have already, unsolicited by this department, deposited in this office, ten per cent additional Stocks to farther secure their circulation, and others have intimated their readiness and willingness to do the same; and it is confidently expected that no institution, organized under our Banking Law, will decline to comply with this reasonable request, which will not only fully indemnify the public against all possibility of loss, from their circulating notes, but will greatly increase the confidence already reposed in the solidity of our Banks.

Very Respectfully yours,
WM. M. DENNIS,
Bank Comptroller.

Some of the Banks having the 7 and 8 ₩ cent stocks of our own State, and the stocks of other States, the value of which had not materially depreciated, the terms of the circular were varied accordingly.

The following Banks have on or before the 1st inst., complied with the terms of that circular and their accounts in the Bank Comptrollers Office stand as follows:

WISCONSIN FRUIT GROWERS ASSOCIATION.—This Society, whose collection of fruit attracted so much attention in this city in October, met at Janesville on the 25th, and some very superior fruit was exhibited. Interesting discussions as to the quality and adaptation of the different varieties were had, and the following list of officers for 1854 was chosen:

President.—H. J. Starin, of Walworth.
Vice President.—C. Hawley, of Milwaukee; D. Worthington, of Waukesha; F. Drake, of Racine.
Recording Secretary.—Mark Miller, of Rock.
Corresponding Secretary.—Charles Gifford, of Milwaukee.
Executive Committee.—J. C. Brayton, of Jefferson; A. L. Castleman, M. D.; and A. G. Hanford, of Waukesha.

FIRES AT STEVEN'S POINT.—The American House at Stevens' Point was destroyed by fire on Christmas Day, and the Wagon and Blacksmith shop of Wm. Griffin, and the barn of Dr. Phillips, on the Thursday following. The *Pinery* calls for a first-class Fire Engine, and chronicles the formation of a Hook and Ladder Company.

BRICK MAKERS.—Persons who understand making bricks, will find a rare opening for steady employment, at Fox Lake, Dodge County. A brick yard is being opened there, and any person competent to take charge of such a business, would meet with immediate and permanent employment.

WESTERN SECURITIES—PAYMENT OF INTEREST.—Among other notices of the same kind in the New York papers of Saturday and Monday last we find the following:

Messrs. Atwood, Dunlevy & Co, will pay on the 2d, January the interest on the Milwaukee and Mississippi Railroad 8 and 10 ₩ cent. Bonds; Milwaukee City 10 ₩ cent. Bonds.

The Coupons on the Bonds of the City of Milwaukee, guaranteed by the Green Bay, M. and Chicago Railroad Co. will be paid on the 2d January, by Moran Brothers, No. 1 Hanover-square.

The coupons of the La Crosse and M. Railroad Company, due on the 1st of January, will be paid at the Broadway Bank.

Referring to these and similar announcements, the New York *Tribune* says:

In view of the stringent condition of the money market which has prevailed both here and at the West for the last six months, the promptness with which the funds have been provided for the undermentioned payment is highly commendable.

The same paper states the amount to be thus paid out at considerably over a *million* of dollars, and remarks that the remitting of this sum, without default, in the present state of the Money Market "is pregnant evidence that well selected Western Securities are as safe investments as any that can be found."

LAKE WRECKS OF 1854.—A gentleman who has taken some pains to inform himself on the subject writes the *Niagara Mail*, that the total amount of shipping wrecked from the Head of Lake Michigan to the foot of Lake Ontario, during the past season is nearly as follows, viz: of Steamers 7, large Propellers 12, Brigs 6, Barques and Schooners 48: out of the whole number he finds reported 42 total wrecks; embracing nearly all the Steamers and Propellers referred to.

LA CROSSE AND MILWAUKEE R. R.—The annual report of this Road will make its appearance in a few days. The grading is steadily progressing between Hartford and Horicon, and the whole distance to Horicon, forty-four miles, will without doubt be finished by the first of next April. The stockholders are advancing funds efficiently.

MILWAUKEE AND FOND DU LAC.—The Western *Freeman* of Monday last says.

We have no official announcement that passengers can leave this city in the morning, and be in Milwaukee the same evening, by Railroad, by staging it across Dodge Co,—30 miles. But such is the fact. The Milwaukee & Watertown road has changed its time, and leaves Oconomowoc at 3 P. M. A Stage could leave the Chester station at 8 A. M., and be there in time easy enough. Hail to the day when even that distance shall be shortened—filled up!

MOWDER & OLMSTED'S EXPRESS.—We learn that Mr. J. Mowder of this city, and Mr. J. Olmsted of Milwaukee are about to establish a daily Express between the cities of Watertown and Milwaukee, to run in connection with Livingston, Fargo & Co.'s American Express. This will be a great convenience to the business men of this city and will supply a want that has long and generally been felt. The gentlemen who have the charge of this Express are universally known to be both responsible and accommodating citizens, and will spare no care to give no satisfaction to all who entrust business to them.—[Watertown Democrat.

A NEW BANK IN WATERTOWN.—Last Monday, Messrs. Nebrig & Frentz, visited this city for the purpose of making arrangements for starting a new moneyed institution here, to be known as the "Merchants' Bank." We learn that for the present, the bank will transact business in the rooms previously occupied by the "Bank of Watertown." Mr. Nebrig is now President of the "Dodge County Bank," located at Beaver Dam, and will remain at that village in charge of that institution, Mr. Frentz will come here and assume the management of the new bank soon to be put in operation. Both these gentlemen are known as shrewd and careful business men, and we have evry reason to believe their course here will give general satisfaction.—[Watertown Democrat.

WISCONSIN CENTRAL RAILROAD.—The President of this road was through this place last week, and we understand he reports matters in a very favorable condition. Of the towns north of this, Aztalan takes about $15,000; Milford, from $15,000 to $18,000; and Lake Mills will probably take as much of the stock. There is every prospect of this work's being commenced soon all along the line between Elk Horn and Milford.—[Jeffersonian.

The Queen's Speech—Interesting Debates in Parliament—Progress of the Siege, &c.

The British Parliament was opened by the Queen in person on the 12th of December, when she delivered the following speech:

"MY LORDS AND GENTLEMEN: I have called you together at this unusual period of the year, in order that, by your assistance, I may take such measures as will enable me to prosecute the great war in which we are engaged with the utmost vigor and effect. This assistance I know will be readily given, for I cannot doubt that you share my conviction of the necessity of sparing no effort to augment my forces now engaged in the Crimea. The exertions they have made, and the victories they have obtained, are not exceeded in the brightest pages of our history, and have filled me with admiration and gratitude.

"The hearty and efficient co-operation of the brave troops of my ally, the Emperor of the French, and the glory acquired in common, cannot fail to cement still more closely the union which happily subsists between the two nations.

"It is with satisfaction I inform you that, together with the Emperor of the French, I have concluded a treaty of alliance with the Emperor of Austria, from which I anticipate important advantages to the common cause.

"I have also concluded a treaty with the United States of America, by which subjects of long and difficult discussion have been equitably adjusted.

"These treaties will be laid before you.

"Although the prosecution of the war will naturally engage your chief attention, I trust that other matters of great interest and importance to the general welfare will not be neglected.

"I rejoice to observe that the general prosperity of my subjects remains uninterrupted.—The state of the revenue affords me entire satisfaction; and I trust that by your wisdom and prudence you will continue to promote the progress of agriculture, commerce and manufactures.

"GENTLEMEN OF THE HOUSE OF COMMONS:—In the estimates which will be presented to you, I trust you will find ample provision has been made for the exigencies of the public service.

"MY LORDS AND GENTLEMEN:—I rely with confidence on your patriotism and public spirit. I feel assured that in the momentous contest in which we are engaged, you will exhibit to the world the example of a united people. Thus shall we obtain the respect of other nations, and may trust that, by the blessing of God, we shall bring the war to a successful termination."

The debates in Parliament on the addresses to the Queen were very spirited in both the Lords and Commons, and members made no scruple to charge Government with managing the war very badly. The Earl of Derby was particularly severe upon the Baltic operations. He said that Government sent out a fleet of such superior power that it would have been an act of madness on the part of the Russian fleet to come out and meet them in the open sea; and at the same time the vessels of the British fleet were of such a draft of water that it was impossible, looking at the depth of water in the Russian strongholds, that they and the enemy's ships could come in conflict.—The consequence of this was, that Sir CHARLES NAPIER was condemned to an ignominious inaction, only paralleled by the old duel, in which

Lord Chatham, with his sword drawn
Stood waiting for Sir Richard Strawen;
Sir Richard, longing to be at 'em,
Stood waiting for the Earl of Chatham.

In reply to a charge from Earl Derby that England had just agreed to support Austria in case of trouble in Poland, Hungary, or Italy, the Earl of Aberdeen said that no engagement of such a description had been entered into.

The Treaty with Austria was characterized by the opposition as amounting to nothing, and allowing that Empire to withdraw from the Alliance at the last moment without breach of faith.

A very interesting debate took place in the House of Lords upon the bill to enlist foreigners into the British service—such enlistment not to exceed, at present, 15,000 men. This foreign force is to be drilled and organized in England to form, in fact, a foreign legion, such as England employed in her American and continental wars.

Lord Derby said that it was a most humiliating confession to the world that England was obliged to employ foreigners to do duty at home, before she has been at war a single year. (By the *Asia*, we learn that this bill has passed.)

We resume the record of events about Sebastopol from the date at which previous advices left it:

NOVEMBER 19.—The special correspondent of the London *Times* says,

"There is really nothing to record of the siege. The French have established themselves inside an earth work near the Quarantine Fort. *Voila tout*"

NOVEMBER 20.—Nothing to report.

NOVEMBER 21.—A smart skirmish occured during the night, between three companies of the rifle brigade, (English) under Lieut. Tryon, who dislodged 300 Russians from a position they had taken up in a ravine. Lieut. Tryon was killed. Later in the night there was a false alarm that the enemy was moving in force. There was some firing in the course of the night between the French and Russian pickets on the road to Balaklava.

NOVEMBER 22.—Several heavy brass guns (Turkish) were placed in position yesterday and to-day. Accounts do not indicate the exact locality of this battery.

NOVEMBER 23.—Rain—rain—rain. One of the sunken vessels in the harbor of Sebastopol, having been dislodged by the storm, the Russians immediately sunk another in its place.

NOVEMBER 27.—The advices are from Katcha. They complain of the bad anchorage, and the danger to which the shipping is exposed by the frequent storms.

The Moniteur contains the following from Gen. Canrobert.

CAMP BEFORE SEBASTOPOL, Dec. 3.

"Rain is falling in torrents. Our roads are cut up, our trenches filled with water, and our seige operations, as well as all our works, remain in a state of suspense.

"The enemy remains immoveable for the same reason as ourselves.

"In spite of these trials the spirit of all is excellent, and we remain firm and ready to resume our operations as soon as ever the weather and the state of the roads will allow us to stir.

"General de Montebello arrived on the 5th at Constantinople, and left the next day for the Crimea. The health of Prince Napoleon was improving. (Signed) CANROBERT."

RUSSIAN ACCOUNT—Dec. 4.—Prince Menschikoff telegraphs to St. Petersburg that to the 4th December nothing new had occurred before Sebastopol, excepting some trifling Russian sorties without success.

An English letter says that, on the 23d, a party of British spiked 16 Russian guns. No details given. The besieger's third parallel is completed. A storm in the Sea of Azoff has wrecked 40 Russian vessels.

THE DANUBE.—A letter from Bucharest, under date 11th, mentions that Omer Pasha, that morning, left Bucharest for Varna, where the remainder of the nineteen Turkish battalions ordered to the Crimea were being embarked. 35,000 men are to be sent.

Of date the 8th, it is stated that the whole Turkish army has recrossed the Danube.

Sadik Pasha was occupying the Dobrodja and Kalarasch and Giurgevo had received Turkish garrisons.

GERMANY.—On December 9th, the Germanic Confederation unanimously adopted the additional article to the treaty concluded between Austria and Prussia on the 26th November. Austria is thereby secured on the side of Germany.

A dispatch says that, to 13th instant, Prussia, showed no disposition to accede to the treaty of the 2d.

Bavaria suggests a conference of the secondary powers, with an eye to peace.

SPAIN.—The news is not important. The Ministerial crisis appears to have blown over.

ITALY.—*The Immaculate Conception—The question Settled.*—A dispatch has been received in Paris announcing the result of the deliberations of the Bishops assembled at Rome to consider the Immaculate Conception. The number of "votes" was 576, including proxies, and about 120 Bishops actually present. Of these 540 pronounced by acclamation for the new dogma, 32 voices questioned the appropriateness of such a discussion just now; while only 4 votes protested against the dogma and against the right of the Holy See to decide a question of that importance without a regular council. Of these 4 votes, 2, it is rumored, are contributed by French prelates —namely, M. Olivier, Bishop of Evereux, and the other the Archbishop of Paris himself.

INDIA.—An envoy from Kokan, and another from Dost Mahomed had arrived at Peshawur, the Affghan chiefs having decided on an English instead of a Russo-Persian alliance. Lord F. Fitzclarence, commander-in chief at Bombay, is dead.

ANOTHER ASPECT OF HARD TIMES.—Brown—not the Jersey ferryman, but Brown, the sexton of Grace Church—Brown the factotum at all the fashionable balls and funerals of this metropolis, who holds official relations with all the gravities as well as gaieties of the upper ten—even Brown has felt the pressure of hard times. But he meets them, as all who know him would expect, like a philosopher. "Yes," said he the other night to a sympathising friend, "there are not many balls or parties this winter, but *I make the funerals as pleasant as possible*."—[N. Y. Eve. Post.

Police Court--Jan. 5th.

BEFORE CLINTON WALWORTH ESQ. POLICE JUSTICE.

A warrant was issued against Thomas Cook for assault and battery upon Penelope Cook on the 4th of January.

SEEKING A ROW.—John Bechtel, landlord of the Mansion House in the 2d Ward, was tried for an assault and battery upon Peter Borngasser on the 3d of January. The evidence showed that Mr. Bechtel was entirely without blame; that complainant had gone to the Mansion House to seek a row, and being ordered out, resisted being put out, and in the trouble got his head in "chancery," i. e. under the other's arm, and was hurt with the blows. The defendant was found not guilty and discharged.

A warrant was issued against Richard Armstrong for attempting to break the peace. He was drunk and taken to jail by officer Lienhart; case held open.

A warrant was issued against Henry Falkner, for an assault and battery upon John McCullom, formerly constable in the 5th Ward. The complainant had a terrible black eye. The defendant was in jail.

During the forenoon there were within and without the Police Court, at one time, no less than eleven men and one woman, with blacked eyes, and one man was *black all over*. We overheard a gentleman address one who had received a *contusion*, why he didn't make a complaint against the fellow; his reply was that "he'd rather give five dollars than have his name in the paper." The gentleman, who seemed anxious to get up a case, most likely hoped the five dollars would take a different course.

GALLANT RESCUE.—On New Year's day, a party of boys were skating on the river below Walker's Point Bridge. William Decker, a boy about 12 years of age, was on the lead, and going down the river at a great rate. The ice had floated away below the bend, leaving open water; but Decker did not see it, and suddenly went sheer off the edge of the ice into the river. His chance of life seemed frail enough, for the water was 15 feet deep; he could not swim, and the current was drifting him slowly from the edge of the ice. One of his companions, a boy named William Morse, about 15 years old, son of Mr. Morse of the 5th Ward, determined to try and save him. Pulling off his overcoat and one skate, he plunged into the ice-cold stream, swam to the sinking boy, sustained and brought him back to the ice, and succeeded in getting him upon it. Decker was chilled thro', and almost gone when Morse reached him, but being taken to Capt. WOODRUFF's house, hard by, and kindly cared for, soon revived and was all right again. The rescue was as gallant an act as we have read or recorded this many a day.

A NIGHT POLICE.—We observe throughout the city a strong desire for the establishment of a Night Police. The numbers of fires which have recently taken place, and the suspicion that they were mostly the work of incendiaries, seem to be the principle reasons urged in favor of the measure. A number of plans have been spoken of; some assert that four in a ward, with a captain of the whole force, making twenty-one in all, will be sufficient. Whether this agitation will or will not result in the appointment of the Police we are unable to say; but one thing is certain, that, if the force is established, no man should be permitted to become a member, unless he posses a good character for sobriety and honesty. For such a duty, steady and faithful men are required, and not mere partisans, or place-hunters. We understand that application will be made to the Mayor for a Night Police immediately.

"LATER YEARS;" by the author of "The Old House by the River," and "The Owl Creek Letters," HARPER & BROS. publishers, N. Y. We have this pleasant book from our friend ARCHIE WILSON, and welcome it heartily. Mr. Shelton, the kindly author, has given us a continuation in it of his series of letters from the "Old House by the River," from whence so many pleasant ones have come already, and from whence he dates those contained in this book. Those who have enjoyed, as we have, the first two books of this author, will welcome this one, as we do. There is a quiet vein of humor pervading his pages which is a pleasant relaxation from the daily cares of life. The Harpers have put forth the book in very neat style.

A GOOD FEE.—We understand that the County Board of Supervisors yesterday, allowed to Mr. Mallory, the present district attorney, his bill of *five hundred dollars*, for services as counsel for Connaughty and Mardonald, tried once and convicted of the murder of Gullen, sentenced to death, then respited. McDonald was sentenced for life to the State prison; Connaughty was tried, the second time; convicted of murder in the second degree, and sentenced to the state prison for ten years.

ARRESTED FOR BEING NOISY.—A man named Peiker commenced a violent harangue in the hall opposite the Police Court yesterday and in a few minutes obtained a large audience, to the interruption of all business. Officer Meloy proceeded remove to him—when he showed fight, he was at last removed, wrestling with three officers all the way to the jail.

A MINIE BALL.—We were shown last evening and have in our possession one of these balls, cast by the English government, and brought over by an Englishman just arrived here. It seems that the use of the iron cone as described by us a few days since, has been abandoned, the conical indentation of the base of the ball being sufficient; the explosive force of the powder expanding the thinner portion of the ball so as to fit the barrel closely.

COMMON COUNCIL.—A special meeting of the Common Council was held on Thursday evening. A number of petitions for remission of taxes were rejected. The Comptroller was directed to insure the City School Houses. Ald. Humphrey of the Fifth Ward tendered his resignation; which was accepted. The report of the Select Committee (Ald. Hadley and Houghton) on the Harbor was taken up. The resolutions, reported by the Committee, were as follows:

Resolved, By the Mayor and Common Council of the city of Milwaukee, that we approve of the plan, and are in favor of the early completion of the Harbor at the "Straight Cut," as also that of deepening the Milwaukee River to 12 feet depth of water, between the established dock lines from the Government Piers to Cherry street Bridge, and that we will do all that we legally can do, to effect the completion of the same, at the earliest practicable moment.

Resolved, That we are satisfied that Abel Hawley has done quite as much work, during the past season, on his Harbor and River contracts, as could reasonably have been expected under the circumstances, and thus we have full confidence in his ability to complete the Harbor the coming season, and the dredging of the River at an early day.

The first resolution was adopted, and the second *laid on the table*.

Council then adjourned till Tuesday evening next.

Daniel O Dickinson vs Frederick Layton and John Plankington. Emmons & Van Dyke Pliffs Atty. Brown & Ogden Defts Atty. Jury sworn and empaneled and trial not concluded at 2 o'clock.

From various sources we learn that the federal officers have concluded to back out in the Ryecraft case, their indictment, as was ably argued by our correspondent some time since, in not charging that Glover, was a fugitive slave being defective; and as Mr. Ryecraft has been tried once, he must be discharged. So it is said. The indictment against S. M. Booth must be dropped for the same reason, and accordingly a new one has been got up, with an additional charge—that of resisting U. S. officers—on what grounds we cannot imagine.

It is said that the other indictments found are against Byron Paine, C. K. Watkins, Jas. H. Paine, F. Raymond, and Herbert Reed, of this city, and that very earnest endeavors are being made to indict some persons from Racine. Very earnest indeed are those efforts, if we can judge from information given by Mr. Rowe, of Racine, who has been a witness before the Grand Jury, discharged and brought back again by Deputy Marshal Kearney, who aided in the original attack upon Glover. He informs the *Free Democrat* that Mr. Kearney "called him aside before starting from Racine, this morning, and told him that the Grand Jury were dissatisfied with his testimony before them, on Wednesday, because he did not remember any more of what took place in connection with the escape of Glover, and that after he left the Jury Room, a man was called in who identified him, (Rowe) as one who was present at the rescue. Kearney told him that he did not want to see him (Rowe) indicted; he only wanted to see Waterman, Dr. Secor, Pillsbury and Clement (all of Racine) indicted, damn'em; they deserve it; they led the rest into it, and that if he (Rowe) would now go before the Grand Jury and tell all he knew (about the rescue) he (Rowe) would not be indicted. He said he (Kearney) wasn't "*much*" in the Court, but he had *some* influence, and the witnesses he had summoned, he had summoned to prevent their being indicted."

This is quite an interesting chapter in the history of the Fugitive Case, and there are doubtless more to come.

The necessity of proving Glover to have been a fugitive slave, is one which will have to be met with very strong evidence, and we are inclined to think that jurors hereafter, will insist upon their right to judge both of law and evidence.

ENGINE COMPANY NO. 1.—The Annual Election for Officers of Milwaukee Engine Co. No. 1 was held at their house, last evening and resulted in the choice of the following gentlemen:

Foreman—P. VAN VECHTEN, JR.
1st Asst.—ARTHUR DADD.
2nd do.—J. H. BUTLER.
Secretary & Treas.—H. CANDEE.
Steward—W. PLUMMER.
Trustee of Fire Dept.—RUFUS KING.

The Company passed a vote of thanks for WILLIAM ALLEN Esq., late 1st Asst Foreman and who declined a re-election, for his faithful and efficient services, both as an Officer and Member, during the past seven years.

The Company also resolved that their Annual Party should be given about the 18th or 20 inst., and that the proceeds should be applied to furnish No 1's house with a first rate Fire Alarm Bell.

SUPREME COURT.—The time of the Court since its meeting has been occupied with the argument of a petition for re-hearing of the Portage City land case. The decision was rendered last March confirming the title to VEEDER. The motion for a new trial was made, and as it is the first motion of the kind, involving the jurisdiction of the Supreme Court to grant new trials of cases already decided, it has an unusual importance. The property in dispute is part of site of Portage City, the contestant being Mr. VEEDER, who claims to be the original pre-emptor, and the citizens who claim under Judge GUPPY, by whom it is alledged to have been entered for a village plat according to law. The amount in dispute is valued at from $300,000 to $500,000.—[Madison Dem.

THE MARKETS.

OFFICE DAILY SENTINEL,
MILWAUKEE, January 6, 1855.

RECEIVED BY M. & M. RAILROAD, JAN. 4TH:—82 bbls flour, 3,550 bus wheat, 200 bus oats, 263 hogs, 24 bbls fruit, 5 bbls highwines, 126 doz brooms.

RECEIVED BY M. & W. RAILROAD:—23 bbls flour, 426 bus wheat, 30 hogs, 12 bxs saleratus.

The bad weather prevented much out door work yesterday. Receipts of wheat improved—1,23a1,25 paid for Club Spring.

No change in other grains.

Pork—3,25a3,62½. We note a sale of 500 bbls mess Pork at $10 per bbl.

☞ The Buffalo *Commercial*, reducing the flour to wheat, gives the following as the amount of that staple received at that port for three years past:

	Bushels.
1852	12,017,343
1853	10,343 225
1854	7,297,451
Total receipts of grain during the season of 1852 reached	20,390,501
1853	15,997,926
1854	22,605,500

The *Commercial* further remarks:

We are told by those conversant with the lake regions, that the wheat crop of the present year had scarcely been broken into, at the close of navigation, and we have no doubt it is in a measure true. This, and the fact that the crop of Wisconsin is larger than ever before; that we may have a bountiful harvest another season, although this has not been propitious; that the Sault Ste Marie ship canal is completed in fact, thus throwing open to us in 1855 the copper trade of Lake Superior; and, more than all that we are to have next year, sent forward nearly the whole of the surplus produce of 2,300,000 acres along the line of the Illinois Central Railroad, which this season has for the first time taken the sickle, would seem to indicate that the trade of our port, so far from diminishing, will be increased beyond all present ordinary estimate.

Hog Market.

A drove of 600 heavy hogs were shipped East yesterday by the Michigan Central. They were from the Galena Road. There is no change in the market here, but the weather is unfavorable for shipping dressed hogs East, and prices are not so firm for these. There are but few packers buying yet for slaughtering—others will commence next week; $3,75 nett for heavy, and 3 50 for light hogs ₩ 100 is the highest in the market yet. Some holders are slaughtering on their own account rather than take these prices.—*Chicago Tribune, Jan. 4.*

NEW THEORY.

DR. A. L. ADAMS believes the proximate cause of all diseases (or as he will have it, all forms of disease,) to be a retention in the system of worn-out fluids, &c., which of course should have been expelled. But being retained, *excite irritation, or debilitate the system*, causing various effects. The Dr. says, with much assurance, that his LIVER BALSAM will expel properly and certainly from the system all impurities. Therefore he declares it will cure all curable complaints if taken *judiciously*. "We will try it."

SPECIAL NOTICES.

Milwaukee & Mississippi Railroad Company.

NOTICE!

IN CONSEQUENCE OF THE REFUSAL OF MERCHANTS and others of this City to pay their freights on goods which have been shipped via Janesville from Chicago for the reason as is alleged by some that they have ordered their goods by that route; and by others that they have made contracts with certain lines to deliver their goods in Milwaukee, therefore refusing to pay any more than their contract price; claiming the right, under the advice of counsel, by making a tender to our Company of the amount so contracted for to replevin the goods out of our [illegible].

Therefore, our Company, to protect itself against a repetition of the occurrences above referred to, has given directions to its Agent at Janesville, and the Agents of the Galena Road that it will not receive and forward goods unless an order from the person to whom they are consigned accompanies them. And, in order that there shall be no unnecessary delay or inconvenience arising in said order, this public Notice is given to all who have goods at Chicago which they wish to receive via Janesville.

TO THE PHYSICIANS OF THE WEST!
And to All who use Liquor as a Medicine or as a Beverage!

PHYSICIANS who prescribe Alcoholic Liquors for Medicinal purposes should give the preference to WOLFE'S SCHIEDAM AROMATIC SCHNAPPS.

1. It is manufactured in Schiedam, in Holland, and exclusively in the factory of the proprietor, by processes and from materials elsewhere unemployed and unknown.

2. It is proved, by the repeated analysis of several eminent Chemists, to be entirely free from the pernicious fusel oil which remains in every kind of liquor distilled from grain, and which is the cause of the nervous and visceral derangement, serious congestion, and morbid desire for habitual and intemperate indulgence, which such liquors invariably tend to superinduce.

3. It is proved by the same unerring tests that the Juniper Gin is not flavored with the coarse, acrid and indigestible oil of juniper [illegible] used, but with the specifically lighter, more volatile, aromatic and medicinal of the two essential oils of the Italian juniper berry, neglected by every other manufacturer.

4. It is chemically proved to be absolutely pure in its re-[illegible]—a quality obtained by an entirely new process, and which no other Holland Gin in the world has [illegible] used.

5. It is proved by extensive medical experience and testimony, to be an efficient as well as an agreeable remedy in early cases of incipient dropsy, gravel, chronic gout, rheumatism, flatulence, colic, concretions in the kidney, and bladder, dyspepsia, fever and ague, general debility sluggish circulation of the blood, deficient assimilation of food and exhausted vital energy.

6. It is a most grateful and renovating cordial, and when used as directed, never inflames the system or induces inebriety, but tends rather to subdue the latter frailty, by creating a dislike to all inferior liquors And it invariably corrects the ill effects of bad water, whether in swampy or limestone districts. In all of these enumerated qualities it has no rival in any market in the world.

Since the introduction of this celebrated medicinal beverage into the United States, a number of Liquor Houses in New York and other large cities have commenced counterfeiting it. The genuine is only sold in quart and pint bottles, handsomely wrapped in yellow paper, with my name on the bottle, cork and label. I would advise those who use it medicinally, to purchase by the bottle, as [illegible] and Hotels frequently fill my bottles with common [illegible] and sell it for the genuine. For sale by all the respectable Druggists in the United States.

Holloway's Pills, for the cure of Coughs, Colds, and Asthmatical Complaints.—These admirable Pills are the most efficient remedy ever discovered, for the cure of coughs, colds and asthma. Some of the most obstinate cases of such disorders together with affections of the chest, yield to their curative powers. They speedily remove any accumulation of phlegm, whereby the respiratory organs are permanently relieved, and ultimately a sound and perfect cure is effected; therefore, the asthmatical patient suffering from a tightness of the chest, a difficulty of breathing, or a bad cough, should have recourse to these well known Pills, to ensure a radical cure

Holloway's Ointment and Pills are superior remedies for bad legs and all kinds of wounds. The surprising use of these invaluable medicines throughout the Union, is the most convincing proof of their efficacy in curing bad legs, old wounds, and scrofulous sores. Thousands of people who have suffered from these dreadful maladies have been cured by their use, after every other remedy had failed, and it is at beyond all doubt, that there is no case, however obstinate or bad, that may not be shortly cured by these wonderful medicines; therefore the afflicted should immediately try Holloway's Ointment and Pills

PIANO FORTE WARE-ROOM!

Where he will keep on hand a good assortment of the celebrated

AMERICAN ACTION PIANO FORTES,

Manufactured by GEORGE HEWS, of Boston, Mass.

The Patent American Action Piano Forte is distinguished for its great fullness, richness and sweetness of tone, evenness of scale, and delicacy of touch. The improvement in the Action renders it less liable to derangement, and also greatly facilitates execution. Numerous medals, diplomas and certificates have been received from various fairs and industrial exhibitions in different cities of the Union, from the World's Fair at London, and flattering testimonials from the profession, residents at Boston and elsewhere, among which are the following:

From the illustrious Pianist, L. M. GOTTSCHALK, to Mr HEWS, Agent at New York:

NEW YORK, Dec. 5, 1853.

MR. N. J. CURTISS:—

Dear Sir: Having had the pleasure of performing upon Geo Hews' American Action Piano at the World's Fair in this city the present year, and other of his Pianos at your Wareroom, which afforded me much gratification, I cheerfully recommend them to the public. I am very glad of the improvement in the action. These instruments likewise are of excellent tone, owing, no doubt, to the perfection of the scales.

Very Respectfully, L. M. GOTTSCHALK.

From the distinguished Pianist, WILLIAM MASON.

Run on New York Savings Banks.

New York, Jan. 5.

The run on the Savings Banks continued for two days past. Crowds of the poorer classes have thronged the Institution on Chambers St., and the Knickerbocker in 8th Avenue. The call for deposites is probably prompted more by the necessities of the depositors than by their fears.

The steamer *Geo Law* sailed for Aspinwall today, with a full load of California-bound passengers and mails.

Lake Shore Railroad.

We learn from a gentleman who came from Milwaukee on Tuesday evening, that the contractors have eight miles of track laid on the Milwaukee end of the road. A locomotive was put on the road yesterday, to draw the construction train. Things begin to look as though we may possibly see a train of cars from Milwaukee before many months.

At the south end the track is laid to Waukegan, and we presume the cars will now run through to that place. We are informed that sufficient iron is being shipped from Cleveland by Railroad, to complete the track from the State line this way. If the work is pushed along with the same energy which has characterized the contractors on the southern end of the road, we shall see the Chicago cars here by the first of February.—[Racine Advocate.

And we should not be at all surprised to see the train from this end meet them within ten days from that time.

LUMBER.—Our mill-yards are being well filled with logs, and the millers are refitting the machinery preparatory to more active operations.—We have three excellent mills, but they will find it dificult to supply the home demand another season.—[Jeffersonian.

EXTRAORDINARY INDUCEMENTS
TO
The Reading Public.

Either of the following five works will be sent free of postage, on receipt of the price annexed.

The Abduction Trials, and Adventures of Payneta Mandeville,

Wife of Augustus H. Mandeville, of Baltimore, who was stolen from her husband at Bogota, New Grenada, by a band of *Spanish Robbers*, and by them detained in their mountain fastnesses for thirteen months, there having gone through the most terrible scenes that the imagination can picture; the whole, forming the most truly wonderful narrative of actual occurrences ever yet placed before the reading community. Written by her Husband—Price 12½ cents.

A THRILLING AND STARTLING WORK!

The Authentic Confessions of William Masterson,

The Cruel Murderer of his Father and Mother! Together with a complete account of his various Robberies and Murders, including that of Mr. Manning, of Buffalo, N. Y., and the beautiful Miss Emma Mottin. Added to which is the history of the most fiendish Murderer, and expert Burglar and Pickpocket, Thomas Little, the accomplice of Masterson. Price 12½ cents.

The Beautiful Jewess, Rachel Mendoza.

Her lamentable connection with the dark and eventful career of Charles Bernere, otherwise called "Prince Charles," by George Lippard, the late termination of whose adventures in Madrid, near the Palace of the Queen, has created so much comment, and such intense interest in the American press.

Thousands throughout the United States are familiar with *portions* of the career of "Prince Charles," but this narrative sets out in plain colors his *whole* career, especially his connection with the rich and beautiful Jewess, Rachel Mendoza, who only a year mingled in the first circles of New York. After relating his adventures in the United States, this narrative conducts us to Madrid, to the *Royal Court of Spain*, revealing the secrets of the life of Queen Isabella. Price 15 cents.

STARTLING DISCLOSURES! MYSTERIES SOLVED!

ON THE HISTORY OF

ESTHER LIVINGSTONE,*

And dark career of Henry Baldwin. By George Lippard. This narrative not only pictures the singular career of Esther Livingstone, and the crimes of Henry Baldwin, but the scenes in which they were actors in the *Mammoth Cave*, are related by the wretched Baldwin, in a bold, truthful, but absorbing style. And the murder of Miss Annie Hauly, in Charleston, on the night of her marriage, is in these pages terribly explained. Price 15 cts.

The Rival's Revenge! or The Lovely Quakeress,

CATHARINE MIDDLETON,

The Skillful Gamester in Disguise. Her singular career with the startling developments in the life of Don Senor Jacinto, "The Maniac Priest." Price 12½ cents.

SPECIAL NOTICES.

Milwaukee & Mississippi Railroad Company.

NOTICE!

IN CONSEQUENCE OF THE REFUSAL OF MERCHANTS and others of this City to pay their freights on goods which have been shipped via Janesville from Chicago, for the reason as is alleged by some that they have not ordered their goods by that route; and by others that they have made contracts with certain lines to deliver their goods to Milwaukee, therefore refusing to pay any more than their contract price; claiming the right, under the advice of counsel, by making a tender to our Company of the amount so contracted for to replevin the goods out of our possession.

In view of this, our Company, to protect itself against a repetition of the occurrences above referred to, has given directions to its Agent at Janesville, and the Agents of the Galena Road that it will not receive and forward goods unless an order from the person to whom they are consigned accompanies them. And, in order that there shall be no unnecessary delay or inconvenience arising from such order, this Public Notice is given to all who have goods at Chicago which they wish to receive via Janesville.

TO THE PHYSICIANS OF THE WEST!

And to All who use Liquor as a Medicine or as a Beverage!

PHYSICIANS who prescribe Alcoholic Liquors for Medicinal purposes should give the preference to WOLFE'S SCHIEDAM AROMATIC SCHNAPPS.

1. It is manufactured in Schiedam, in Holland, and exclusively in the factory of the proprietor, by processes and from material elsewhere unemployed and unknown.

2. It is proved, by the repeated analysis of several eminent Chemists, to be entirely free from the pernicious fusil oil which remains in every kind of liquor distilled from grain, and which is the cause of the nervous and visceral derangement, serious congestion, and morbid desire for habitual and intemperate indulgence, which such liquors invariably tend to superinduce.

3. It is proved by the same unerring tests that the Juniper Gin is not flavored with the coarse, acrid and indigestible oil of juniper berries are used, but with the specifically lighter, more volatile, aromatic and medicinal of the two essential oils of the Italian juniper berry, neglected by every other manufacturer.

4. It is chemically proved to be absolutely pure in its rectification—a quality obtained by an entirely new process, and which no other Holland Gin in the world has assured.

5. It is proved by extensive medical experience and testimony, to be an efficient as well as an agreeable remedy in many cases of incipient dropsy, gravel, chronic gout, rheumatism, flatulence, colic, concretions in the kidney, and bladder, dyspepsia, fever and ague, general debility sluggish circulation of the blood, deficient assimilation of food and exhausted vital energy.

6. It is a most grateful and renovating cordial, and when used as directed, never inflames the system or induces inebriety, but tends rather to subdue the latter frailty, by creating a dislike to all inferior liquors. And it invariably corrects the ill effects of bad water, whether in swampy or limestone districts. In all of these enumerated qualities it has no rival in any market in the world.

Since the introduction of this celebrated medicinal beverage into the United States, a number of Liquor Houses in New York and our other large cities have commenced counterfeiting it. The genuine is only sold in quart and pint bottles, handsomely wrapped in yellow paper, with my name on the bottle, cork and label. I would advise those who use it medicinally, to purchase by the bottle, as bars and Hotels frequently fill my bottles with common Gin and sell it for the genuine. For sale by all the respectable Druggists in the United States.

UDOLPHO WOLFE,
Sole Manufacturer and Importer,
18, 20, and 22, Beaver st., New York.

The word "Schnapps" belongs exclusively to my article—all others are counterfeit.

HOLLOWAY'S PILLS, for the cure of Coughs, Colds, and Asthmatical Complaints.—These admirable Pills are the most efficient remedy ever discovered, for the cure of coughs, colds and asthma. Some of the most obstinate cases of such disorders together with affections of the chest, yield to their curative powers. They speedily remove any accumulation of phlegm, whereby the respiratory organs are permanently relieved, and ultimately a sound and perfect cure is effected; therefore, the asthmatical patient suffering from a tightness of the chest, a difficulty of breathing, or a bad cough, should have recourse to these well known Pills, to ensure a radical cure.

HOLLOWAY'S OINTMENT AND PILLS are superior remedies for bad legs and all kinds of wounds. The surprising use of these invaluable medicines throughout the Union, is the most convincing proof of their efficacy in curing bad legs, old wounds, and scrofulous sores. Thousands of people who have suffered from these dreadful maladies have been cured by their use, after every other remedy had failed, and it has been proved beyond all doubt, that there is no case, however obstinate or bad, that may not be shortly cured by these wonderful medicines; therefore the afflicted should immediately try Holloway's Ointment and Pills.

PIANO FORTE WARE-ROOM!

Where he will keep on hand a good assortment of the celebrated

AMERICAN ACTION PIANO FORTES,

manufactured by GEORGE HEWS, of Boston, Mass.

The Patent American Action Piano Forte is distinguished for its great fullness, richness and sweetness of tone, evenness of scale, and delicacy of touch. The improvement in the Action renders it less liable to derangement, and also greatly facilitates execution. Numerous medals, diplomas and certificates have been received from various fairs and industrial exhibitions in different cities of the Union, from the World's Fair at London, and flattering testimonials from the profession, residents at Boston and elsewhere, among which are the following:

From the illustrious Pianist, L. M. GOTTSCHALK, to Mr HEWS, Agent at New York:

New York, Dec. 5, 1853.

MR. N. J. CURTISS:—

Dear Sir: Having had the pleasure of performing upon Geo Hews' American Action Piano at the World's Fair in this city the present year, and other of his Pianos at your Wareroom, which afforded me much gratification, I cheerfully recommend them to the public. I am very glad of the improvement in the action. These instruments likewise are of excellent tone, owing, no doubt, to the perfection of the scales.

Very Respectfully, L. M. GOTTSCHALK.

From the distinguished Pianist, WILLIAM MASON:

MR. HEWS:—Having repeatedly played upon the Piano Fortes manufactured by you, with the American Action, I am free to acknowledge, that for certainty and elasticity of action, power, purity and equality of tone, I have never seen them surpassed in the square Piano Forte.

WILLIAM MASON.

Purchasers and lovers of music in general, are respectfully invited to call and examine these instruments. These Pianos will be sold at Boston prices, and warranted to give satisfaction in every respect.

☞ Pianos to Let. Old Pianos taken in exchange, and liberal prices allowed.

Run on New York Savings Banks.

New York, Jan. 5.

The run on the Savings Banks continued for two days past. Crowds of the poorer classes have thronged the Institution on Chambers St., and the Knickerbocker in 8th Avenue. The call for deposites is probably prompted more by the necessities of the depositors than by their fears.

The steamer *Geo Law* sailed for Aspinwall to-day, with a full load of California-bound passengers and mails.

Lake Shore Railroad.

We learn from a gentleman who came from Milwaukee on Tuesday evening, that the contractors have eight miles of track laid on the Milwaukee end of the road. A locomotive was put on the road yesterday, to draw the construction train. Things begin to look as though we may possibly see a train of cars from Milwaukee before many months.

At the south end the track is laid to Waukegan, and we presume the cars will now run through to that place. We are informed that sufficient iron is being shipped from Cleveland by Railroad, to complete the track from the State line this way. If the work is pushed along with the same energy which has characterized the contractors on the southern end of the road, we shall see the Chicago cars here by the first of February.—[Racine Advocate.

And we should not be at all surprised to see the train from this end meet them within ten days from that time.

LUMBER.—Our mill-yards are being well filled with logs, and the millers are refitting the machinery preparatory to more active operations.—We have three excellent mills, but they will find it difficult to supply the home demand another season.—[Jeffersonian.

EXTRAORDINARY INDUCEMENTS
TO
The Reading Public.

Either of the following fine works will be sent free of postage, on receipt of the price annexed.

The Abduction Trials, and Adventures of Payneta Mandeville,

Wife of Augustus H. Mandeville, of Baltimore, who was stolen from her husband at Bogota, New Grenada, by a band of *Spanish Robbers,* and by them detained in their mountain fastnesses for thirteen months, there having gone through the most terrible scenes that the imagination can picture; the whole, forming the most truly wonderful narrative of actual occurrences ever yet placed before the reading community. Written by her Husband—Price 12½ cents.

A THRILLING AND STARTLING WORK!

The Authentic Confessions of William Masterson,

The Cruel Murderer of his Father and Mother! Together with a complete account of his various Robberies and Murders, including that of Mr. Manning, of Buffalo, N. Y., and the beautiful Miss Emma Martin. Added to which is the history of the most fiendish Murderer, and expert Burglar and Pickpocket, Thomas Little, the accomplice of Masterson. Price 12½ cents.

The Beautiful Jewess, Rachel Mendoza.

Her lamentable connection with the dark and eventful career of Charles Bernard, otherwise called "Prince Charles," by George Lippard, the late termination of whose adventures in Madrid, near the Palace of the Queen, has created so much comment, and such intense interest in the American press.

Thousands throughout the United States are familiar with *portions* of the career of "Prince Charles," but this narrative sets out in plain colors his *whole* career, especially his connection with the rich and beautiful Jewess, Rachel Mendoza, who only a year mingled in the first circles of New York. After relating his adventures in the United States, this narrative conducts us to Madrid, to the *Royal Court of Spain,* revealing the secrets of the life of Queen Isabella. Price 15 cents.

STARTLING DISCLOSURES! MYSTERIES SOLVED!

And the murder of Miss Annie Hanly, in Charleston, on the night of her marriage, is in these pages terribly explained. Price 15 cts.

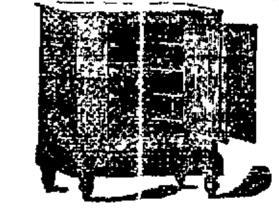
FireKing Safe, again Triumphant.



$1,000 will be paid, if reliable evidence is shown where they ever failed to protect valuable [f]rom Fire, where as other makers' Safes have proved worthless in various accidental and experimental tests, some of which occurred recently

Read the following from Messrs A McClure & Co, wholesale and extensive dealers in Drugs, Medicines, &c

ALBANY, July 27, 1852

This is to certify, that on the 23d day of July, 1852, our entire Stock, composed of Turpentine, Alcohol Oil, Patent Medicines, &c, was consumed by fire, so rapid and severe was the fire that we were unable to close one safe until Mr Pohlman subsequently entered at the peril of his life and closed the doors

After forcing the safe open after all this exposure and fire which made us so careful for the safety of its contents, its valuables were found uninjured

We have so much confidence in the security of the Fire King, that we shall have it immediately replaced

A McCLURE & CO

ALBANY, Dec 10, 1852

This is to certify that on the 7th day of May, 1851, I purchased of J McB Davidson, No 7, single flange Safe, and that the same was subjected to a severe test on the 18th of December, 1851 After the fire was extinguished, its contents (books and papers,) were examined, and found to be perfectly preserved—not a leaf of my books being scorched

P J CLAASSEN, Importer of Wines Cigars, &c, Broadway, Albany

After an examination of P J Claassen's Safe and papers, we are convinced of the superiority of Davidson's Safes over all others

PATENT MEDICINES

MEDICATED INHALATION

A NEW METHOD.

A MOST WONDERFUL DISCOVERY has recently been made by Dr CURTIS, for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints, by Medicated Inhalation Dr CURTIS'S HYGEANA, or INHALING HYGEAN VAPOR and CHERRY SYRUP, has accomplished the most wonderful cures of Asthma and Consumption in the City of New York and vicinity for a few months past, ever known to man—It is producing an impression on Diseases of the Lungs never before witnessed by the medical profession [See certificates in hands of Agents]

The Inhaler is worn on the breast, under the linen, without the least inconvenience, the heat of the body being sufficient to evaporate the fluid,—supplying the lungs constantly with a healing and agreeable vapor, passing into all the air cells and passages of the lungs that cannot possibly be reached by any other medicine Here is a case of

ASTHMA CURED.

BROOKLYN, N Y, Dec 20th, 1853

For about eight years I have been severely afflicted with the Asthma; for the last two years I have suffered beyond all my powers of description, months at a time I have not been able to sleep in a bed, getting what rest I could sitting in my chair My difficulty of breathing, and my sufferings, were so great at times, that for hours together my friends expected each hour would be my last During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief I at length had the good fortune to procure Dr Curtis's Hygeana or Inhaling Hygean Vapor and Cherry Syrup At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost suffocating for want of breath In less than ten minutes from the time I applied the Inhaler to my stomach, and took a teaspoonful of the Cherry Syrup, I was relieved in a great measure from the difficulty of breathing and had a comfortable night I have since continued it with the greatest possible benefit, and am now comparatively well God only knows the amount of suffering this medicine has relieved me from My advice to the suffering is,—TRY IT

CONSUMPTION CURED.

NEW YORK, Dec 27th, 1853

I came to New York in the ship Telegraph, my native place is St John, New Brunswick; when I reached this city, my health was very poor, had a very bad cough, raised a great deal of matter, which was frequently mixed with blood, had pain in my left side, and was very weak and emaciated My friends and physician pronounced my case Consumption, and beyond the reach of medicine I accidentally heard of Dr Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup, and obtained a package, which I verily believe was the means of saving my life—Soon after wearing the Inhaler, I found it relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface under the Inhaler I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now consider myself cured, I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it JOHN WOOD.

MEDICATED INHALATION!

CONSUMPTION CAN BE CURED, AS TREATED BY DR. E. N. TRIST,

WITH HIS CELEBRATED

HYGEN & OXYGENIC VAPOR!

DR TRIST, Graduate of the Royal College Surgeons in London, and the recipient of diplomas from the *Lying Institution of Edinburgh*, and *Hotel des Invalides of Paris*, having settled permanently in New York for the practice of his profession, begs leave to suggest to the citizens of the United States that several years of study and *successful experience* in England and Scotland as well as other parts of Europe, with *Consumption in all its forms*, enable him to warrant, not only relief, but a *complete cure* to all those suffering with this great national disease

Dr TRIST deems it unprofessional to advertise, but others having represented themselves as the originators of the Inhalation Treatment, he would say to the afflicted that he alone is entitled to its first introduction and would caution all against using the useless and dangerous compounds advertised by incompetent persons

"Take up thy bed and walk"

Dr TRIST would say to those interested that he has had manufactured, for the use of his patrons, his "*Patent Inhaling Tubes*," through which the vapor is conveyed to the parts affected, and which he earnestly commends for the cheering results which have attended their use, *and the fact that they may be used by the most feeble invalid* without any unpleasant symptoms.

To those residing out of the city, Dr Trist will forward one of the Inhaling Tubes, together with a package of the Vapor, sufficient to last for three months, accompanied with ample directions for use, on receipt of a letter containing Ten Dollars, and describing symptoms

A cure is warranted in all stages of Consumption, Bronchitis Asthma, and all other *affections of the Throat, Lungs,* and Air Passages In case of failure the money will be returned

BROTHER JONATHAN COOK STOVE,

I have sold the B J for the past three years. It has been thoroughly tested by thousands, who will testify that it is the most complete Cook Stove that can be. I have four sizes of B J. There is a summer attachment to the stove, which will make half difference less of the amount of fuel used in the Summer season and does away with all unnecessary heat which other stoves make that have not the attachment. The oven is much larger than any other stove of the same size furniture. I warrant the stove to give complete satisfaction, if not, to be returned and money refunded. I will refer you to hundreds of the citizens of Milwaukee that are using the stove.

FireKing Safe, again Triumphant.

$1,000 will be paid, if reliable evidence is shown where they ever failed to protect valuable contents from Fire, where as other makers' Safes have proved worthless in various accidental and experimental tests, some of which occurred recently.

Read the following from Messrs A. McClure & Co, wholesale and extensive dealers in Drugs, Medicines, &c

ALBANY, July 27, 1851

This is to certify, that on the 23d day of July, 1852, our entire Stock, composed of Turpentine, Alcohol Oil, Patent Medicines, &c, was consumed by fire, so rapid and severe was the fire that we were unable to close one safe until Mr Pohlman subsequently entered at the peril of his life and closed the doors.

After ordering the safe open after all this exposure and fire which made us so careful for the safety of its contents, its valuables were found uninjured.

We have so much confidence in the security of the Fire King, that we shall have it immediately replaced.

This is to certify that on the 7th day of May, 1851, I purchased of J McB Davidson, No 7, single flange Safe, and that the same was subjected to a severe test on the 16th of December, 1851. After the fire was extinguished, its contents (books and papers,) were examined, and found to be perfectly preserved—not a leaf of my books being scorched.

PATENT MEDICINES.

MEXICAN MUSTANG LINIMENT

THIS EXTRAORDINARY MEDICINE IS STILL working wonders throughout the World—eradicating everything in the form of disease that comes within the circle of its influence.

The People Themselves

have long since adopted it as the only external remedy they could rely upon, and the indisputable testimony of thousands is fast sweeping away

The Prejudices of the Faculty.

It is extensively used by the Ladies,
It is used by Mechanics and Laboring men,
It is used in families and factories,
It is used expressly by all Express Companies,
It is used by Farmers and Livery stable keepers,
It is used by everybody, and all speak in its praise,
Where it is used pain cannot exist,
The benumbed limbs are made elastic,
The deep ulcers and frightful sores are healed
The unstrung nerves are made to vibrate with joy!

Use the Mustang Liniment.

Is the spontaneous advice of all.

It has cured more cases of

Rheumatism

than any other medicine ever used. Its efficacy in this terrible disease is acknowledged by all who have used it. It not only cures the complaint, but appears to give vigor and elasticity to the limbs, before unknown, thus performing a double office.

For contractions of the limbs, stiffness of the joints and muscles, hard lumps, swellings and inflammations, it is unrivaled in the power and efficacy of its operation.

For Bruises, Sprains, Cuts, Scalds and Burns, but a few applications are necessary in order to effect a total cure.

Cancer, or Scrofulous Sores, Tetter, Ringworms, Salt Rheum, Scurvy, Erysipelas, Boils, and Eruptions,

can generally be removed in a few days—and the worst cases can be cured in a few weeks at the furthest. Persons afflicted with these diseases, should be careful in getting the right article to cure them.

Use it upon Your Horses,

for spavin, splint, ring bone, fistula, wind galls, big heads, bruises strains, string halt, scratches, cracked heels, sweeney, saddle, collar, or harness galls, hard lumps or tumors film or other diseases of the eye, poll evil, &c.

The finest horses in the city of New York will be found in the stables of the various Express Companies—and they all use

The Mustang Liniment,

totally discarding any other preparations of the kind, and have all given their certificate in its favor.

This we presume will be a sufficient guarantee to induce every one who owns a horse, to give the Mustang a trial.

THERE is no Druggist or Country Store keeper
Who pretends to keep medicine at all,
But what keeps a constant supply of the

Mexican Mustang Liniment.

The small size retail for 25 cents per bottle,
The medium sized retail for 50 cents per bottle,
The large sized retail for one dollar per bottle,
The medium hold three times as much as the small
The large holds nearly three times as much as the medium,
Therefore the largest bottles are the cheapest.

PATENT MEDICINES

MEDICATED INHALATION

A NEW METHOD.

A MOST WONDERFUL DISCOVERY has recently been made by Dr CURTIS, for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints, by Medicated Inhalation. Dr. CURTIS'S HYGEANA, or INHALING HYGEAN VAPOR and CHERRY SYRUP, has accomplished the most wonderful cures of Asthma and Consumption in the City of New York and vicinity for a few months past, ever known to man— It is producing an impression on Diseases of the Lungs never before witnessed by the medical profession. [See certificates in hands of Agents.]

The Inhaler is worn on the breast, under the linen, without the least inconvenience, the heat of the body being sufficient to evaporate the fluid,—supplying the lungs constantly with a healing and agreeable vapor, passing into all the air cells and passages of the lungs that cannot possibly be reached by any other medicine. Here is a case of

ASTHMA CURED.

BROOKLYN, N. Y., Dec 20th, 1853

For about eight years I have been severely afflicted with the Asthma; for the last two years I have suffered beyond all my powers of description, months at a time I have not been able to sleep in a bed, getting what rest I could sitting in my chair. My difficulty of breathing, and my sufferings, were so great at times, that for hours together my friends expected each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief. I at length had the good fortune to procure Dr. Curtis's Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost suffocating for want of breath. In less than ten minutes from the time I applied the Inhaler to my stomach, and took a teaspoonful of the Cherry Syrup, I was relieved in a great measure from the difficulty of breathing and had a comfortable night. I have since continued it with the greatest possible benefit, and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is—TRY IT.

CONSUMPTION CURED.

NEW YORK, Dec 27th, 1853

I came to New York in the ship Telegraph, my native place is St. John, New Brunswick; when I reached this city, my health was very poor, had a very bad cough, raised a great deal of matter, which was frequently mixed with blood, had pain in my left side, and was very weak and emaciated. My friends and physician pronounced my case Consumption, and beyond the reach of medicine. I accidentally heard of Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup, and obtained a package, which I verily believe was the means of saving my life.— Soon after wearing the Inhaler, I found it relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now consider myself cured. I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it.

DR. E. N. TRIST,

WITH HIS CELEBRATED

HYGEN & OXYGENIC VAPOR!

DR TRIST, Graduate of the Royal College Surgeons in London, and the recipient of diplomas from the Lung Institution of Edinburgh, and Hotel des Invalides of Paris, having settled permanently in New York for the practice of his profession, begs leave to suggest to the citizens of the United States that several years of study and successful experience in England and Scotland as well as other parts of Europe, with Consumption in all its forms, enable him to warrant, not only relief, but a complete cure to all those suffering with this great and fatal disease.

Dr. TRIST deems it unprofessional to advertise, but others having represented themselves as the originators of the Inhalation Treatment, he would say to the afflicted that he alone is entitled to its first introduction, and would caution all against using the useless and dangerous compounds offered by incompetent persons.

"Ask ye thy bed and [illegible]"

Dr. TRIST would say to those interested that he has had manufactured, for the use of his patrons, his "Patent Inhaling Tubes," through which the vapor is conveyed to the parts selected, and which he earnestly commends for the cheering results which have attended their use, and the fact that they may be used by the most feeble invalid without any unpleasant symptoms.

To those residing out of the city, Dr. Trist will forward one of the Inhaling Tubes, together with a package of the Vapor, sufficient to last for three months, accompanied with ample directions for use, on receipt of a letter containing Ten Dollars, and describing symptoms.

A cure is warranted in all stages of Consumption, Bronchitis, Asthma, and all other affections of the Throat, Lungs, and Air Passages. In case of failure the money will be refunded.
